BITTER FIGHT ON FOR CONTROL OF SENATE

Senator LaFollette Leading the "Insurgents" in War Against the "Standpatters"

(By Tav, Special Correspondent The Daily Sun.)

WASHINGTON, D. C., Feb. 24.—The United States Government is paying the railroads $4,800,000 annually merely for the rental of the cars used to carry the mails. An additional $46,000,000 is paid for the actual carrying of the mails. The amount paid for the rentals alone in three years would buy the cars outright.

These facts developed in one day's feud between the "insurgents" and "standpatters" in the United States Senate. The revelations were made by Senator LaFollette.

Every indication is that the fight for the control of the policies of the Senate is to be bitter and to a finish. In the debates the "insurgents" will tell everything they know about the "standpatters," and the "standpatters" will "come back" by telling everything bad they know of the "insurgents." Close observers believe the feud will be for the public good, for it will result in the light being thrown on the extravagant and unbusinesslike methods that have been employed in the Upper House for years.

The feud was started by Senator LaFollette. He had the temerity to express the belief a measure carrying appropriations amounting to $137,000,000 could not be intelligently considered in an hour. Senator Hale had brought in the naval appropriation bill at 4 o'clock on the afternoon of February 11, and asked the Senate to pass it that afternoon.

Upon LaFollette protesting the Senator from Maine complained that ten other big appropriation bills were still coming up. And there remained less than fifteen legislative days of the Congress.

The congestion was what the Republicans in charge of the Senate legislation had planned to bring about. Senator Hale could have told to a day last summer when the naval appropriation bill would be reported and put on passage. The same thing happens in every Congress.

The system is what is called "legislation by committee." It is frankly the purpose and intention of men like Hale to prevent and avoid discussion of appropriation bills in open sessions of the Senate. That would let in too much light. It would show up those practices which result in the use of appropriations for the construction of political fences. It would tend to stop the creating of useless naval yards and docks in the senatorial districts where Hale, Perkins and others on the naval committee live. The bills are thrown in at the session's close, and the body of the Senate is expected to ratify the doings of a committee which has sat behind closed doors.

Now that the Republicans have fallen out, and are telling what they know about each other, conditions may improve. The insurgents are numerous and determined enough to prevent passage of the appropriation bills, or some of them at least. They figure they are safe in doing so, because Congress is going to meet in extra session March 15, and plenty of time would remain before the end of the fiscal year in which to enact the measures.

When the postoffice appropriation bill was up LaFollette intensified his unpopularity in the Senate by pointing out the Government's extravagance in the rental of cars.

"This bill, carrying as it does $4,800,000 for car rental," declared LaFollette, "makes an allowance to the railroad companies of the country for the mere use of the cars $4,229 per car, on the average. I do not know that any observations of mine or any authorities that I might offer here are needed to emphasize the fact that this is extravagant. While I was a member of the House in 1887 Postmaster-General Vilas had this to say, and I read only briefly from his report:

"'It is within bounds to affirm that all these might be today purchased, or their duplicates manufactured, for $1,600,000. Yet simply for the use of these cars for the last year, including cleaning, etc., the department was under the annual rate of charge by the existing system of $1,881,580. In illustration, $59,037.75 is annually paid on one line for the use of four cars that might be built and fully equipped in the best modern style for less than $17,500. Instead, then, of appropriating $2,000,000 to rent the use of these cars for the coming year, why should not the appropriation be of a smaller sum to buy them, and of another—say $250,000—for their keeping, the two together not aggregating the proposed rent? The department will thereafter gain at least 51,500,000 per year.'

"It seems to me an unjustifiable extravagance," declared LaFollette, "to pay an annual rental for these railway mail cars almost sufficient to enable the Government to build and own the cars. These cars are railway postoffices. The Government appropriates large sums to erect postoffice buildings; and it would be simply logically carrying out the plan of the Government owning its own postoffice buildings. Here it can be done at an enormous saving to the taxpayers of the country.

"If the committees of Congress are anxious to reduce this growing deficiency of the postoffice department, here, I submit, is a pretty good place to begin."

LaFollette then submitted a resolution that would have required the Postmaster-General to make an investigation into the subject, and to report to the next Congress. The Badger Senator was promptly ruled out of order.

WOODMEN OF WORLD GIVE BIG BANQUET

SANTA FE CAMP, NO 18, ENTERTAINED IN GRAND STYLE.

Miss Maude Thomas Voted the Most Popular Young Lady and Presented With a Handsome Cake.

(By Mrs. I. Ware.)

HIGH SPRINGS, Feb. 24.—One of the most enjoyable events of the season was the banquet on the evening of February 22, given by the Woodmen of the World, Santa Fe Camp No. 18. The hall was beautifully and artistically decorated, and presented a scene of loveliness. In a bower of evergreens was stationed the High Springs Orchestra, which furnished sweet music during the occasion and added much to the pleasure of the festivities. The banquet tables were loaded with the most elegant viands, which were partaken of by a very large number of members of the order and their friends. At the close of the feast a handsome cake, donated by Mrs. A. E. Adams, was voted upon for the most popular young lady. Miss Maude Thomas was the winner, and received the congratulations of her friends. The proceeds from the voting contest will be used for the Woodmen's brass band. The following committee had this entertainment in hand, although each member did their share of work: Messrs. C. S. Rumph, J. L. Grimes, Ralph Norris, Lester Osteen, H. L. Futch.

A. E. Adams is Council Commander of this camp, and under his wise administration the order has grown to amazing strength.

SEABOARD ORDERED TO ERECT NEW DEPOT

Work to Commence Within Thirty Days and Be Completed in Three Months.

TALLAHASSEE, Feb. 24.—The Florida Railroad Commission, at a recent session held in this city, issued the following order requiring the receivers of the Seaboard Railway to erect a new passenger depot in Gainesville:

"Whereas, on January 9, 1908, we issued a notice to the Seaboard Air Line railway of a meeting to be held by us on January 22, 1908, at Gainesville, Florida, for the purpose of considering the advisability of issuing an order requiring the said railway to construct a passenger depot at Gainesville, and the said meeting was held, and divers other meetings were afterwards held on the subject, at which the receivers of the said railway appeared by counsel and otherwise.

"And whereas, it afterwards appeared that S. Davies Warfield, R. Lancaster Williams and E. C. Duncan were appointed as such receivers before January 9th, 1908, and that they had never been made formal parties to this proceeding, whereupon we issued our notice dated January 28, 1909, to the said receivers that we should hold a meeting on February 18, 1909, in the city of Tallahassee, to consider the advisability of issuing an order requiring them to construct a passenger depot at Gainesville aforesaid, and, is found advisable, to consider plans and details necessary or proper to the construction of the same.

"And whereas, at the time and place fixed in said notice, the hearing was had and the receivers aforesaid appeared by Hon. George P. Raney, division counsel, Mr. R. E. Boswell, division superintendent, and Mr. H. S. Thomas, assistant engineer, and were heard, and the matter was taken under advisement.

"Now, therefore, it is ordered that S. Davies Warfield, R. Lancaster Williams and E. C. Duncan, as Receivers of the Seaboard Air Line railway, do erect a new passenger depot at Gainesville aforesaid, at a point not less than 30 feet east of the present depot and apart from the same; that the said depot shall have two separate waiting-rooms and ticket offices, as required by law; that each of said waiting-rooms shall have not less than 550 square feet of floor space, and shall have two water closets, one for each sex. The work of the erection of said depot to begin within 30 days from the date of this order and to be completed within three months from said date.

"Ordered by the Railroad Commissioners of the State of Florida, in session at their office in the city of Tallahassee, this 20th day of February, A. D. 1909." R. HUDSON BURR, "Chairman.

"Attest: S. E. COBB, Secretary."

Governor Glenn Day at the Great Chautauqua

(By Mrs. Elizabeth Smith.)

Wednesday was Governor Glenn day at the Chautauqua, and long will it be remembered, for well may the Southland be proud of this greatest of God's handiwork—a noble Christian gentleman. His grand physique and thrilling words make all pause to admire and listen.

One of the very best lectures in the whole Chautauqua course was the one given by Dr. Wirt Lowther at 10:30 a. m. yesterday on "The Art of Seeing Things." Dr. Lowther has all the qualifications that go to make an orator, and foremost among them is the most pleasant manner and a voice mellow and full. No danger of not hearing what he says, as every word is distinctly articulated. His lecture is full of good things, things to make you introspective and thoughtful and things to make you glad as well, for his talk is delightfully spiced with the funny side of life as well as the more serious things. His whole lecture grew out of the following words from Aurora Leigh: "Earth Crammed With Heaven and Every Common Fish in Office With God." But only he who sees takes off his shoes, the rest sit around and pick blackberries, showing how true it is that unless the vision is rightly adjusted one person looks on God's most wonderful work and sees something pretty, another standing right beside him is filled with awe, and with tears streaming down his cheeks exclaims: "O, My God, Wonderful Indeed Are Thy Handiworks." It is one of God's greatest blessings to man when he is enabled to see with a broader vision the beauty that is all around us, and if we would see it we must possess it within. Everyone who heard this lecture felt it was priceless in its way and cannot but uplift.

At 3 p. m. the Lady Washington Quartette delighted the people with some very fine selections. Miss Walton, one of the quartette, gave a humorous selection, and Miss Walbridge, the wonderful whistler, again pleased us with her wonderful bird imitations, her imitation of the canary being almost better than the bird itself.

At 3:30 the audience sat expectantly waiting for the first glimpse of Gov. Glenn, and when the grand and noble man appeared all hearts went down before him. After Dr. Lowther, in a most cordial manner, after saying many flattering but well deserved words of praise, introduced him to the people and he commenced his grand, though impromptu, talk on "Character Building" everyone listened with rapturous interest. Good common sense words they were from a man who had been blessed with a good Christian mother, not just a church member, but an humble follower of Christ. And one would know, without his telling, from his life among men. It was a grand treat, and all were sorry when he closed that he did not prolong his talk.

At 5 p. m. Dr. Lowther gave his talk on "Heaven, What It Is and Where." He claims not to know, but has his thoughts, which he hopes are true. He says it is a subject the Bible tells us but little about, but wherever it is and what it is will be all we could desire, for Christ will be there, and Heaven is with Him. This morning at 11 o'clock will be his last talk, and it is well worth anyone's while to make an extra effort and come and hear him.

Governor Glenn only expected to give his one lecture that he was

News of World Boiled Down for Quick Reading

It now looks as though the ship subsidy bill, giving a subsidy to ocean-going steamers built in the United States, will be passed before Congress adjourns.

President-elect Taft made a speech at Carnegie Hall, New York, Tuesday, in which he appealed to the public for funds for Hampton Institute, located in Virginia.

As a result of a difficulty in a resort near Douglas, Ga., late Tuesday night, Beeman Goodyear was shot and killed and Romert Heald was fatally wound-

MISS DORIAN ELLIS STILL IN THE LEAD

BUT MISS DUPREE IS CLOSING UP THE GAP.

Catherine Haile Polled Another Big Vote Wednesday, Greatly Decreasing Lead of Next Two Highest.

Outside of four candidates there was little doing in the piano contest Wednesday, but both editions of The Sun go to several new homes for a year as a result of the efforts of the three leading candidates.

Following is the vote to date:

Miss Dorian Ellis, city	834,705
Miss Bessie Dupree, city	825,965
Miss Catherine Haile, city	780,685
Miss Florrie Strickland	369,725
Miss M. Daughtrey, city	171,820
Miss Mary McCormick, city	72,025
Miss Nannie Dickinson, city	57,565
Miss Alma Fennell, city	56,410
Miss Julia Carter, city	46,435
Miss Mabel Sanchez, city	41,605
Miss A. Groff, Newberry	38,010
Miss Jessie Evans, city	30,175
Miss A. Strickland, Waldo	24,975
Miss Estelle Beal, city	24,510
Miss Emma Hudson, city	23,630
Miss Annie Beville	18,445
Miss Elvena Staf, Waldo	11,895
Mrs. I. Ware, High Springs	10,945
Miss Goldie Lambert, city	6,065
Miss Lizzie Sheppard, Bell	6,005
Miss K. Carlton, Micanopy	5,590
Miss M. Fernandez, city	4,095
Miss Mary Thigpin, city	3,800
Mrs. A. W. Sargent	3,345
Miss L. Sanders, Hawthorn	3,250
Miss Ruby Albright	3,100
Miss Flossie Banks	105

Getting Good Trade.

S. T. Dell, representing the Hartsfield Grocery Company, returned yesterday from a short business trip in the interest of this new grocery house. They are not only receiving a large patronage from the city, but are exceeding their expectations from the surrounding country, and feel confident that they have fulfilled a long-needed want in this particular section.

The awake person reads the want ads. every day—and answers some almost as often.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

AMUSEMENTS

COMING ATTRACTIONS.

New Baird Theatre.

Thursday, March 4.—Dandy Dixie Minstrels.

* * *

The Electric Theatre.

New moving pictures every afternoon and evening except Sunday.

* * *

Electric Theatre.

For the past four years, no place in the State of Florida has had such a substantial, healthy growth as has Gainesville. It has been remarkable. Among the numerous improvements must be counted the establishment of a cheap, refined place of amusement, arranged in an attractive manner and always kept in the best shape—a place the church people can with propriety visit and one to which children of all ages can be allowed to attend. Such a place is the Electric Theatre, where the latest and best of moving pictures are exhibited for a nominal sum. Taking the statement of visitors to the city and traveling men to be correct, there is no place of the kind in the State as neat or that gives half as much for the price of admission.

The pictures being shown this week will all be the latest and most interesting.

* * *

"Dandy Dixie Minstrels."

With the same big company of clever colored performers who entertained New York audiences on the New York Theatre Roof Garden for three months, the "Dandy Dixie Minstrels," headed by Billy Kersands and the famous Cotton Pickers' Band, will be seen at The Baird Theatre on Thursday, March 4th.

Nothing so stupendous in minstrelsy has ever been attempted by a colored aggregation before. The Cotton Pickers' Band is a specially organized coterie of solo musicians who, either on parade, in concert before the performance or on the stage, have won the distinction of being the only colored band to have played in New York for three consecutive months.

The performance begins with a magnificent first-part, the scene being an elaborate setting in the Royal Palm Grotto. The olio features, numbering ten big acts, include Billy Kersands, the greatest of all genuine negro minstrel men; Campbell & Meaux, character impersonators, in a screaming funny sketch called "The Black Aristocrats;" Prince, the hoop marvel, wire wonder, and trombone virtuoso; Jim Crosby, the long talker; Montrose Douglass, champion bicyclist; the Dixie Rangers' Quartette; Buddy Jones, champion soft-shoe dancer, and the funny afterpiece, "The Possumville Spielers," with the entire company in congenial roles.

Had Operation Performed.

W. W. Colson has returned from Jacksonville, where he accompanied Homer Love for the purpose of having an operation performed on the latter's eye. It will be remembered that Mr. Love had the misfortune to be thrown against a boiler which had been left in the road at night, the horse killed, and himself seriously injured, about five months ago. It was to regain the sight of one of his eyes that he had the operation performed.

IMPORTANT TO ALL!

Our Grand Early Exposition of Fine Ready-to-Wear Millinery, Shirtwaist and Walking Hats

As well as Special Showing of Fine Ready-to-Wear Goods of all the new Spring models, will occur

Wednesday, Thursday and Friday, February 24, 25, 26

YOU ARE CORDIALLY INVITED

THE G. W. HYDE COMPANY

THE HYDE OPENING.

Large Crowd Braved Threatening Weather to Attend Opening.

Wednesday was a great success of the G. W. Hyde Company's first day of the grand exposition of ready-to-wear hats and fine millinery, in connection with a good display of their most beautiful line of spring and summer ready-to-wear goods.

The big store was crowded with a great and enthusiastic crowd of admirers, and the displays in the various departments caused favorable comment from everyone in attendance.

You are not importuned to purchase, but the beauty of the goods and reasonable prices make it almost impossible to resist the temptation, and the success of the exhibition is beyond precedent.

Miss Blessing is delighted with the first day's record and looks forward with pleasurable anticipation the next three days. Miss Bessie King, as usual, was extremely busy, and her delight over the beautiful tailored goods on display and the successful way her friends were responding made it an ideal day for her.

The big store is certainly looking its best, and the favorable comment heard was pleasing and flattering to Mr. Morrow, the efficient manager.

Death of Small Child.

The little adopted child, which was only about three months old, of Mr. and Mrs. J. W. Walker of East Gainesville, died at their home on Wednesday and the remains were taken to Kanapaha, where they were laid to rest in the cemetery.

BOOKS CLOSE IN APRIL.

Only a Few More Weeks Remain in Which to Pay Taxes.

Tax Collector Dickinson desires to remind the tax payers that they have only a short while left in which to pay their taxes and save the extra expense of advertising. According to the law the tax books will close on April 1.

Lumber Business Improving.

S. J. Gunn of Otter Creek, manager for the Otter Creek Lumber Company and president of the Gainesville Hardware Company, was transacting business in the city yesterday. He is now very busy cutting special orders of

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

KEYSTONE BAKERY

R. T. Schafer, Prop. Phone 165

BOARD HAD SPECIAL SESSION WEDNESDAY

INSTRUCTED SURVEYOR TO MAKE PLANS FOR PAVING STREET.

Vitrified Brick Assured for One Block at the Earliest Possible Time It Can Be Done.

A special meeting of the Board of Public Works was held Wednesday for the purpose of further arranging for the paving of East Main street with vitrified brick.

Outside of other special matters that came before the body, the city surveyor was instructed to at once make plans for the paving of East Main street, between Liberty and Mechanic, with vitrified brick.

Just as soon as the survey can be made the board will advertise for bids, the lowest bidder on this work receiving the contract for the first piece of street paving of this class of material.

It is to be hoped that this will infuse other citizens about the square to follow the wise example of these two progressive property owners, who desired to put down the work regardless of the first cost.

MARRIAGE OF MISS CARTER.

Pretty Church Wedding at First Baptist Wednesday Morning.

One of the prettiest church weddings in this city for some time was that of Wednesday morning, when Miss Katie Mae Carter was united in the holy bond to Mr. Luther M. Brinkley at 7:30 o'clock, the Rev. S. B. Rogers performing the service.

The church had been beautifully decorated by loving friends of the bride and presented a very handsome and pretty appearance, flowers and evergreens being used extensively in the arrangement.

Little Miss Belle and Hall McLeod acted as flower children, each carrying a basket of flowers, the little Miss having white, while the boy carried a black basket with pink carnations. The bride's sister, Miss Julia Carter, acted as maid, while the best man was her brother, M. M. Carter.

Miss Carter looked lovely in her traveling suit of blue, with hat to match, carrying bride's roses with lilies of the valley, and the groom looked his best in the usual costume of black.

Following the strains of Mendelssohn's Wedding March the happy pair marched up the aisle to the large arched center, where they were joined in wedlock by Rev. Rogers, the Gainesville Orchestra playing a flower song during the ceremony.

H. R. Wilburn and Earl Kelley acted as ushers.

After the ceremony the newly-wedded couple departed via the Seaboard for Tampa, where they will spend the remainder of the week, but will visit this city on their way to their future home in Louisiana, taking in the Mardi Gras festivities at New Orleans before proceeding to their home.

The bride had been a resident of Gainesville for only a few months, but had gained a host of friends, who wish her much joy and happiness through her wedded life. The groom is a prosperous business man of Louisiana.

THE JACKSONVILLE FIRE.

Much Interest Manifested Here After Hearing First Reports.

Much interest was created among our citizens Wednesday evening when the news spread rapidly that Jacksonville was on fire, but investigation revealed the fact that the flames were confined to the Gilkes building, on Forsyth street.

The fire started in the electrical building on Forsyth street, in the upper story, and it was some time before the firemen could get at the flames to fight them effectively. While thus engaged the smoke and some fire spread to the tops of the buildings of this block, causing the report to get out of a serious conflagration.

Information received from there last night was to the effect that the flames did not spread beyond the Gilkes building, but this structure was badly gutted.

booked for, but most kindly consented at the request of Dr. Davidson to talk twice, and as he says he did not bring his "encore" piece, he would give an impromptu talk in the afternoon. If that was impromptu we must refrain from saying what his lecture was until tomorrow, as we are unable to tell you of it this morning. We will try to tell you later.

See the "Chautauqua Herald" for today's program.

DEATH OF MRS. DRYDEN.

Occurred at the Hospital Wednesday Morning of Consumption.

The death of Mrs. T. W. Dryden occurred at the hospital Wednesday morning at 6 o'clock.

She was brought here by her husband and other relatives about four months since in the hope that the change would prove both beneficial and healing to her weakened condition, but the dread disease had gained such headway that it finally claimed the young victim as its own.

All that loved ones and experienced nursing could do for her in her days of suffering was done by willing hands, her husband being with her at the time of her demise.

She was a young woman scarcely in her thirty-first year, and during her stay here had made many acquaintances who visited the hospital to cheer and comfort her.

The remains were embalmed by the Thomas Undertaking Company and shipped to their old home in Louisville, Ky., where the funeral will be held.

For COLDS and GRIP.

EXPERIMENT STATION EXHIBIT.

One of the Most Interesting Features at State Fair.

TAMPA, Fla., Feb. 24.—The exhibit made by the Experiment Station of Gainesville at the State Fair is a most interesting feature and has proven a fountain of information for visitors that are interested in agriculture.

The different laboratories in the Experiment Station have contributed to the exhibit.

The laboratory for soil investigation has sent samples of different forms of lime, limestone and other materials used for correcting soil acidity.

An interesting experiment showing the capillary power of different soils in the State is included.

The laboratories of animal industry and a granary have sent different varieties of velvet beans and sweet potatoes, samples of Japanese cane and natal grass, along with numerous photographs.

The horticultural laboratory exhibits different varieties of pecans and sub-tropical fruits, such as mangoes, sapodillas, avocadoes and sugar apples.

The laboratory of plant physiology has sent an exhibit of citrus diseases, such as dieback, melanose, yellow spotting, Frenching, withering and copper poisoning.

The laboratory of entanology sends a collection of the insect pests of the State and some of their relatives. The white fly and its enemies, the fungi, are shown in detail.

The University is represented by exhibits from the engineering and agricultural college. A large box of tools made by the students of the sophomore class in engineering is attracting much favorable comment. A large bunch of sweet potatoes raised on the agricultural college farm is the best to be seen at the fair.

The department of extension exhibits some details concerning its correspondence course in agriculture for teachers.

Mr. B. F. Floyd of the laboratory of plant physiology of the Experiment Station is in charge of the exhibit.

Six Nights "Go as You Please" Race.
How many tired fathers and mothers in this town enter this race every night carrying a baby? And they wonder what the matter is. Chances are the child is starving—worms are eating all of its food. Most children have worms—yours needn't. White's Cream Vermifuge will get rid of the worms and strengthen the child. Price 25 cents per bottle. Sold by W. M. Johnson.

ACCIDENTS AT ARCHER.

Calvin Brown Injured for Life by Falling Timber.

ARCHER, Feb. 24.—Calvin Brown, a former resident of Archer but now employed at Otter Creek, met with a very serious accident that will probably make him a cripple for life. A piece of timber fell and broke his leg, and in falling he tried to save himself, reaching out his hand, striking a short chisel and cutting his hand nearly in two.

J. O. Johnson of this place met with a bad accident on Wednesday. In reaching for a piece of timber he got his hand too close to the revolving blades in a planing machine at the basket factory, losing the two middle fingers of his left hand.

Geo. Bailey and daughter and Miss Mosier of Pennsylvania, who have been spending all of the present winter in Archer, left this morning.

Miss Leila Bauknight entertained a few friends on Monday evening very pleasantly.

Miss Pauline Curl gave a party to some visiting friends and acquaintances here on Monday evening.

Worn Out.
That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price 25c, 50c and $1.00 per bottle. Sold by W. M. Johnson.

If you have lost or found anything do not fail to keep your eye on the classified advertising column.

STOPS FALLING HAIR
Ayer's Hair Vigor is composed of sulphur, glycerin, quinia, sodium chlorid, capsicum, sage, alcohol, water, and perfume. Not a single injurious ingredient in this list. Ask your doctor if this is not so. Follow his advice. A hair food, a hair tonic, a hair dressing. Promptly checks falling hair. Completely destroys all dandruff.
DOES NOT COLOR THE HAIR

THE FIRE ALARM

Is never pleasant sound to anyone, and to the uninsured it may mean loss and utter ruin. Don't allow yourself to be among the terror-stricken, as the person whose property is covered by sound policies need never fear that all he owns will be swept out of existence. If you consult me you will receive the PROTECTION THAT PROTECTS.

A. M. CUSHMAN, Agent, Gainesville, Florida

NEWS FROM ALL PARTS OF FLORIDA

New homes are being contracted for almost daily in Sanford, says The Sanford Herald. Yet it is impossible to supply the demand.

Two artillery companies and band from the United States troops will participate in the Ponce de Leon celebration in St. Augustine this year.

The St. James Amusement Company which proposes to erect a mammoth pleasure city on the St. James lot in Jacksonville, is rapidly getting things in shape to commence operations on their unique and novel venture.

Prof. T. Griffith, proprietor of the River View Hotel, of Jacksonville, was painfully injured about the hips Monday night as a result of stepping from the platform of a moving Florida East Coast railroad train at the viaduct station.

The baby show at the State Fair at Tampa was a most interesting event. Over 200 little tots, from six months to five years old, were entered in the different classes. The judges were selected from guests at the Tampa Bay Hotel, all strangers in the city, and the prizes were awarded as follows: Infants of the long-clothes class, first prize, Nellie Sherouse, infant of Mr. and Mrs. J. F. Sherouse; ecnd prize to child of Mr. and Mrs. T. F. Alexander. To girls in the first class the first prize went to Elizabeth Castor, daughter of Mr. and Mrs. G. L. Castor; second prize to Amanda Louise Davis of Crandall, Fla. In this class the first prize for boys was awarded to Paul Holder Herndon, Jr., and the second prize to M. Henry Cohen, Jr. In the second class the first prize for girls went to Annella Logan, daughter of Mrs. Percy Logan of Bartow, and the second prize to Francis Lee Hester, daughter of Mr. and Mrs. E. G. Hester of Tampa. The boys in this class the first prize was awarded to Leroy Crumpton, son of Mr. and Mrs. A. L. Crumpton, and the second prize to Robert W. Davis, Jr., son of Col. and Mrs. Robert W. Davis. In the third class for girls Marianna Curry, daughter of Mrs. Henry R. Curry, got first prize, and for the boys Arthur Cross, Jr., carried off the first. In the class of twins, for girls, Maude and Myrtle Kates were the winners, and for the boy twins the first prize was won by the sons of Mr. and Mrs. George McKay of Tampa.

The sweepstakes prize for girls was won by Marian Curry of Bradentown, and for the boys by Albert Sayward Wing, son of Mayor Frank L. Wing of Tampa.

TRY THE MONEY-BACK CURE FOR INDIGESTION.

Nine times in ten stomach derangements are responsible for sallow complexion, dull eyes and thin body.

It is the stomach that supplies nourishing blood to the muscles, the nerves, and skin. If the stomach is healthy, plenty of nutritious matter will be absorbed by the blood. If it is not healthy, the food will ferment, and undigested, will pass along through the bowels, furnishing so little nutritious matter that the blood becomes impoverished, and the glow of health vanishes.

If you suffer from nervousness, sick headache, belching of gas, sour taste in the mouth, heaviness after eating, or any other miserable stomach disturbance, you need Mi-o-na, and the sooner you get it the quicker you will be healthier and happier.

It will relieve any distressed stomach condition almost immediately. It will cure if used according to directions. J. W. McCollum & Co. sell it for 50 cents a large box, and they think enough of it to guarantee it to cure indigestion.

DON'T BE BALD

Nearly Anyone May Secure a Splendid Growth of Hair.

We have a remedy for hair troubles that cannot be surpassed. It has a record of growing hair and curing baldness in 93 out of every 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads, if the scalp is not glazed and shiny. That may seem like a strong statement—it is, and we mean it to be, and no one should doubt it until they have put our claim to an actual test.

We are so sure that Rexall "93" Hair Tonic will cure dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for Rexall "93" Hair Tonic in every instance where it does do as we claim or fails to give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair. We have it in two sizes. Prices 50c and $1.00. We urge you to try Rexall "93" Hair Tonic on our recommendation, and with our guarantee back of it, you certainly take no risk. J. W. McCollum & Co., corner East Main and Union streets.

ROUND ABOUT LAKE JEFFORD.

LAKE JEFFORD, Feb. 24.—Mr. and Mrs. Robert Weeks were visiting in our midst Thursday.

C. C. Morrison is again able to follow the plow. Mr. Morrison attended the meeting of the Grand Lodge of Masons in Jacksonville and reports a fine time.

We are glad to see Mrs. Morrison out driving, and hope she has entirely recovered from the severe attack of lagrippe.

Frank Morrison is visiting his parents here.

Mr. M. Clements is through breaking up his ground and will start now in earnest to planting his various crops. He will soon have another lot of carrots ready for market. Eaten raw they are said to be very fine for the complexion.

We would like to have another fish fry. J. W. Peacock made the last fry a grand success by his generous contribution of fish. Mrs. Peacock was not able to attend, and we all missed her.

We expect a visitor next week from Macon, Ga., Mrs. H. Stamps. She is now visiting her daughter, Mrs. L. Webb of Hawthorn.

Mrs. M. Clements was shopping in Hawthorn a few days ago.

We have had some fine rains this last week, and they were badly needed.

Hamlet

Had melancholy, probably caused by an inactive liver. A bad liver makes one cross and irritable, causes mental and physical depression and may result disastrously. Ballard's Herbine is acknowledged to be the perfect liver regulator. If you're blue and out of sorts, get a bottle today. A positive cure for bilious headache, constipation, chills and fever and all liver complaints. Sold by W. M. Johnson.

Taking Him Down.

"Yes, sir," said the pompous individual, "I always pay cash for everything I get." "Dear me!" exclaimed the matter of fact person. "What's the matter with your credit?"—Chicago News.

For HEADACHE—Hicks' CAPUDINE.

Whether from colds, heat, stomach or nervous troubles, Capudine will relive you. It's liquid—pleasant to take—acts immediately. Try it. 10c 25c and 50c at all drug stores.

BONNIE MELROSE.

MELROSE, Feb. 24.—Mr. and Mrs. J. A. Remmel celebrated their silver wedding anniversary on February 19 by an afternoon reception to their many friends, of whom quite a crowd attended. The parlors and dining-room were tastefully decorated with very handsome pink carnations and bamboo. During the afternoon delicious refreshments were served. Numerous handsome presents were received from far and near.

E. J. Whitehead and Jas. H. Bailey attended the chapter meeting at Gainesville last week.

Miss Ruby Sculles of Jacksonville is the guest of Miss May Barnette.

The quarterly meetings of the Methodist church held here on Saturday and Sunday were largely attended, the congregations on Sunday being especially large, when Presiding Elder Nixon preached two eloquent sermons.

B. Lariar went to the Tampa fair on Sunday, joining Dr. and Mrs. J. B. Curtis at Orange Heights.

A. E. Voyle of Gainesville was in town Monday in the interest of his telephone company.

The young people enjoyed a fish fry on Monday night.

T. A. Birt's fine dog, "Nellie Bly," is the happy mother of twelve pretty puppies.

Mrs. H. von Noszky entertained a number of ladies at "500" on Tuesday afternoon in honor of her guest, Miss M. C. McNeeley of Salisbury, N. C.

Itching, torturing skin eruptions, disfigure, annoy, drive one wild. Doan's Ointment brings quick relief and lasting cures. Fifty cents at any drug store.

Subscribe for The Sun and help your lady friend win the fine piano.

HARPER WHISKY

A DELIGHTFUL BEVERAGE,
A SAFE STIMULANT,
A GOOD MEDICINE.

S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Book on Catarrh and any medical advice desired sent free to all who write.

TELEPHONE TALKS
The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on applicat'n.

The Twice-a-Week Sun is an eight page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

The sight of the Standard Oil Company knocking at the door of the Missouri Legislature, cap in hand and with a proposition for partnership, may have no immediate result, but it shows that the business world, or that part of it in which trusts are dominant factor, is moving on. It was but a short time ago that these combinations regarded Legislatures and courts with a contempt born of long years of immunity.

King Edward has the reputation of being the most diplomatic and sagacious sovereign in Europe. The success of his recent visit to Berlin seems to confirm that reputation, for he appears by his genial and tactful manner to have appreciably promoted good feeling between Germany and Great Britain. It is to be hoped the new sentiment may continue and effectively shut the mouths of the jingoes who in both countries have been trying to work mischief.

The meeting at Washington of representatives of the United States, Canada and Mexico to confer on the conservation of the natural resources of the three countries ought to result in good. While the question is not so acute in Canada and Mexico as it is here yet it is already a matter of concern to their governments. Considering that in several instances large watersheds are within the boundaries of two out of three nations it is clear that united action by the three governments is necessary for best results.

Apparently well grounded complaint is made that large sums of money subscribed for the Italian earthquake sufferers have been misappropriated, having gone into the pockets of dishonest officials instead of being applied to relieve the unfortunate victims. It is a sad fact that a relief fund for any cause is seldom or never raised without some scandal arising in connection with its distribution. People must be inhuman and depraved in the extreme who will steal money and provisions donated to help the sufferers from earthquakes, floods and fire.

If it is true that the growing of two blades of grass where but one grew formerly is a benefit to mankind, it is an equal benefit to have one blade grow where none before grew. It is this which irrigation does in large sections of our land where the soil, naturally fertile, has remained a barren waste because of the absence of moisture. The irrigation ditches carrying a well-nigh unlimited supply of water from the mountains are reclaiming and making fruitful vast areas of land that are surely becoming the abode of many thousands of industrious and prosperous people.

It is to be hoped that the order of the Railroad Commission instructing the receivers of the Seaboard Air Line railway to erect a new passenger depot in Gainesville will be the means of the construction of that much-needed improvement. It is a shame and disgrace that the railroads entering Gainesville have not been required to afford better accommodations to the traveling public ere this. The Coast Line and Tampa and Jacksonville roads should also be required to provide better accommodations in their passenger waiting-rooms, especially in the way of lavatories and water closets.

CURRENT COMMENT.

The Springfield Republican says: "Taxes on bachelors and pensions for spinsters is the program proposed in the Legislature of New Mexico. Will such a law induce the men to marry? Or will it tempt the women to remain unmarried? It seems to cut both ways."

The Brooklyn Eagle says: "All of the American claims against Venezuela have been settled within a few weeks of Castro's deposition. The exile of the dictator seems to have been as favorable to the foreign credit as to the domestic peace of the country he bullied and almost ruined."

The Norfolk Virginian-Pilot says: "Having already re-legalized bull-fighting, the Cuban Congress is now engaged on a bill re-establishing the national lottery. So determined are these patriots to prove their independence by reversing everything done by the United States during its term of guardianship that no surprise should be felt if they next demand the rehabilitation of Yellow Jack."

The Hartford Times says: "If the Cuban Congress passes the proposed bill to deprive aliens of the right to own property in that island there will be a lot of trouble on hand for the new government at once. Laws of this kind may be popular on the Pacific Coast, but in view of what Americans have done for Cuba no such legislation can be carried out against the foreign owners of two millions of dollars' worth of property in Cuba. If what the Cubans want is to be placed permanently and soon under the suzerainty of the United States, an alien land law will be a good way to bring about the result."

There are indications amounting almost to certainty that the small junta of leaders in the Senate, Aldrich, Hale, Gallinger and Foraker, will find their influence much curtained after this session. Foraker, who is perhaps the ablest man of them all, will retire after March fourth, but the real cause of the reclining strength of the clique that has long ruled is the determination of some new Senators, headed by Senator LaFollette of Wisconsin, to take a hand in legislative matters. Senator LaFollette showed the strength of the opposition and its determination to have something to do with senatorial business when he balked Senator Hale's plan to expedite the naval appropriations. He was extremely sarcastic in debate with Senator Hale, the autocrat of the Naval Committee, or as he is sometimes called, "the owner of the United States Navy." His language was: "I have the hardihood not only to doubt the divine perfection of the present arrangement, but to almost believe that the business of the Senate could be distributed among its ninety-two members instead of being taken care of by less than one-third of this body."

The value of census statistics, like all other statistics, depends upon their accuracy. Statistics that are imperfectly gathered or that are cooked or padded are worse than useless, because they are misleading. This means that only capable and honest enumerators should be selected. To enlist as such incompetent and unworthy men just to please high officials or public men is unjust to the country and unnecessarily expensive.

The U. S. Court of Appeals has affirmed the decision of Judge Locke dismissing the suits brought by the various land companies in the Everglades drainage district to test the constitutionality of the drainage tax. This probably settles the matter and the tax, which now amounts to about $400,000, will have to be paid into the State treasury.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by all druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

Let a want ad. negotiate a trade for you—of something you don't need for something you do.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks.
Four dairies.
One foundry.
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms.
One express office.
Free mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.
Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Three furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railways systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Two cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
Two moving picture shows.
Florida Winter Chautauqua.
One semi-weekly newspaper.
Five life insurance agencies.
Two fertilizer manufactories.
Five fire insurance agencies.
Two livery and feed stables.
One crate and basket factory.
One Elks' Club reading room.
Agricultural Experiment Station.
Florida Winter Bible Conference.
Five dressmaking establishments.
National Odd Fellows' Sanitarium.
Three undertaking establishments.
First-class sewerage system, $175,000.
Two of the best hotels in the interior.
Two wholesale grain and feed stores.
Two wholesale grocery establishments.
Water "that has made Gainesville famous."
The finest opera house in the State outside of Jacksonville.
A Government building soon to be erected to cost when completed $100,000.
Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.
More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.
An $85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

TTACKED BY A LION.

d Experience of a Railroad Man In Africa.

THE JAWS OF A MAN EATER.

ged From His Bed by the Fierce Monster, He Was Mangled and Mauled and Carried Off Bodily by the Brute.

he following description of an at- k by a lion, as related to Mr. St. Podmore, F. Z. S., while he returning from a sojourn in the t places of the earth, is so terribly that we offer no apology for ishing it. Mr. Podmore met the of this story while on a trip the Pacific ocean and was the terrible scars on the man's

was engaged on the transconti- Office to Cairo line, and our consisted of two white men and blacks. We each occupied a sep- hut.

dark night I was aroused from by hearing something moving and forward beneath my becoming alarmed, I listened ly to a loud, long and inde- sniff-sniff which broke the of the night. My experience was not extensive, but I realized that some wild ani- was under my bed. Every one of faculties became immediately par- with horror. I was unable to a sound.

a moment or two I became that a man eating lion was sniff- his way along the edges of the perhaps a little puzzled at the curtains. I then felt I must something, and instinctively, yet I huddled all the pillows clothes over my head. No had I done this than the lion, a horrible purr, grabbed me by right shoulder and dragged me out the floor and immediately began the blood which streamed my neck and chest, and every moved he bit me more savagely. raised my knees to get into a crouching, protective position he gave a little pat with his paw which nearly broke my leg and inflicted a fatal wound. Then suddenly the dropped me out of his mouth, put one massive paw on my chest, and, throwing back his noble head, he gave four terrible roars of triumph and defiance.

then walked round the hut and saw with horror the hole made the lion, who had torn out the mat and crawled under my bed. It dawned upon him what had occurred, so he ran round to the other end and kicked the door down.

At this time the only thing I seemed to take interest in was the loud sip- ping, suck, made by the lion as he drew my blood into his reeking body. I remembered, with a pang of regret, that I had not lived a model life lately, and I began to pray as I had never prayed before. As I prayed I thought how curious it was that I could not feel the slightest sense of fear with a man eating lion chewing my flesh and drinking my blood.

I had been lying on my back, with my head resting against the side of the hut, when my friend opened the door. As he did so the lion drove his terrible fangs into my body and leaped out of the hut into the darkness. As he ran with me I seemed to be twisting and jerking my head sideways, as though striving to look me on his back.

The lion ran across the clearing in front of the hut for about thirty yards and then down under a big boabab tree. There, my back with the lion on top of me, occasionally gazing with his baleful, greenish yellow eyes, which filled me with unutterable loath- ing, expressionless and cold were yet so diabolical in their ruth- lessness.

The lion seemed perfectly content with his prey. I felt his long, rough tongue rasping up my thighs and ab- domen, and as it crept higher and higher I felt little gusts of his hor- rible breath. I half turned my head to see if still the long, greedy tongue was on its way toward my throat. I distinctly feel each bite, because, although it did not cause the slightest pain, yet as the fearful fangs were driven into a fresh place I was con- scious of a strange numbness in that particular part.

During all this time the negroes kept shouting, "Nkangs, nkanga!" My friend kept running round the clearing in bewilderment. The appalling darkness of the night added horror to the thing which no pen could de- scribe.

At last two negroes were induced to make a couple of torches of dry grass, and by the lurid and uncertain light of these they were seen standing over the lion's body. He was an enor- mous brute, over ten feet in length, with a luxuriant, tawny mane which added to him a most majestic appearance. My friend told me after- ward that as he approached with his gun I was moaning and crooning softly to myself. For some time he was afraid to shoot lest he should kill me instead of the lion. He screamed out, "Keep cool, Jack, and I will see what I can do for you!"

As he crept nearer the lion took his fangs out of my groin and faced about, growling and snarling horribly. The rifle was leveled, there was a sharp re- port, and the first shot hit the lion in the eye. The ball as it came out shat- tered his lower jaw. Two more shots were fired, and the fierce monster fell dead by my side.—London Ideas.

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was dis- couraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegeta- ble Compound, and thought I would try it. After tak- ing three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILL YOUNG, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Com- pound. Cure the cause of these dis- tressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thou- sands of women.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

Baby Hands

Will get into mischief—often it means a burn or cut or scald. Apply Ballard's Snow Liniment just as soon as the accident happens, and the pain will be relieved, while the wound will heal quickly and nicely. A sure cure for sprains, rheumatism and all pains. Price 25c, 50c and $1.00 a bottle. Sold by W. M. Johnson.

Allaying His Fears.

The New Convict—Say, old man, I'm likely to go stomping around my bou- doir at all hours of the night. I'm a sleepwalker. It worries me terribly too. Guard—It needn't in this hotel, for there isn't the sightest danger of your walking out of a window.—Puck.

After a heavy meal, take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they will need. Regulets bring easy, regular passages of the bowels.

For City Marshal.

To the Voters of the City of Gaines- ville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and effi- ciently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the sup- port and vote of each and every citi- zen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,

CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Mar- shal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I re- spectfully solicit the votes of all, ir- respective of party affiliation.

CHAS. M. DELL.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have be- come weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies *are* needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discov- ery, a glyceric compound, extracted from native medic- inal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

R. V. Pierce M.D.

You can't afford to accept a secret nostrum as a substitute for this non-alco- holic, medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

NOTICE.

Notice is hereby given that under and by virtue of a Final Decree of Forclosure rendered by the Judge of the Circuit Court, of the Eighth Judi- cial Circuit of Florida, in and for Alachua county, in Chancery sitting, dated January 18th, 1909, in favor of W. B. Phifer as complainant, and against W. F. Grissom and S. R. I. Grissom as defendants, the undersign- ed will offer for sale before the court house door in Gainesville, Florida, be- tween the legal hours of sale, on Mon- day, March 1st, 1909, to the highest and best bidder therefor, for cash, the following described lots, pieces, par- cels or tracts of land, situated, lying and being in Alachua county, Florida, described as follows, towit:

All that portion of fractional Sec- tion 4, Township 11, Range 21, South and East, described as follows: Be- ginning at the Northwest corner of said fractional Section 4, Township 11, Range 21, running thence East on the Section line 25 chains and 21 links to a stake; thence South at right angles 22 chains and 20 links to a stake; thence West parallel with Section line, by estimation, 26 chains and 96 links to a point in a pond on the Western boundary line of said fractional Sec- tion 4; thence North on said Section line, by estimation, 22 chains and 21 links to the place of beginning, con- taining, by estimation, 57 9-100 acres of land, more or less.

The same to be sold as the property of said defendants, to satisfy said de- cree and costs.

LECTURE TONIGHT.

Mr. Job Will Entertain Public on Subject of Birds.

Everyone is cordially invited to hear the lecture on "Birds" at the High School auditorium tonight. The lecturer, the Rev. Herbert K. Job of New Haven, Conn., is one of the leading ornithologists in the United States As a lecturer he enjoys a great reputation. The lantern slides, with which the lecture is illustrated, are unusually fine.

Mr. Job is probably well-known to many of our readers as the author of "Wild Wings," "Among the Water-Fowl," "The Sport of Bird Study," and other books on bird life. He is in Florida under the auspices of the Florida Audubon Society, and wherever he has lectured has delighted his audience.

His lecture here will be under the joint management of the High School and the University. The hour was set early, 7:15, so as not to interfere with the attractions of the Chautauqua course.

Come and bring your friends, for a rich treat will be offered.

Water Supply Shut Off.

During the heavy wind storm yesterday a tree was blown across the water main between this city and the spring in the old Denby field, which necessitated the shutting off of the supply of water.

Superintendent Miller and his force at once got to work and hope to have the damage repaired so it will be in use this morning, or as soon as the broken place can be repaired.

Dorsey's Delight Coffee.

J. T. Manning of Clarke was transacting business in the city yesterday.

Please your wife or best girl by taking her to the Electric Theatre tonight.

Mrs. O. L. Feaster of Micanopy was among the shoppers visiting the city yesterday.

J. M. Shaw, one of the successful planters of the Alachua section, was meeting his many friends in the city yesterday.

A. M. Cushman, the insurance man, has returned from a business and pleasure trip to the northern part of the county.

Born, to Mr. and Mrs. Harper of Kanapaha, a fine boy which arrived on Tuesday night. Both mother and child are reported as doing well.

J. P. Entenza, the cigra man of Waldo, was in the city yesterday interviewing the trade. He has a fine sale for his goods in this section.

Mr. and Mrs. S. H. Dempsey left yesterday for western points of the county. The former will proceed to Archer, while the latter will visit her daughters at Clarke.

The monthly meeting of the Woman's Missionary Society of the First Presbyterian church will be held this afternoon at 3:30 o'clock. The leader will be Mrs. Geo. I. Doig. A full attendance is desired.

Five-room cottage to rent on block adjoining square, formerly occupied by W. L. LeGrande; city water, electric lights, sewerage, bath, and all modern conveniences. Apply to Mrs. H. H. McCreary or Sun office.

Protect instalment purchases of real estate with a contract issued especially for that purpose by the Old Mutual Life Insurance Company of New York. Consult R. E. Lartigue, the company's local representative.

Col. J. F. Jackson, the veteran clothing salesman of Bronson, was in the city yesterday. The colonel does not travel as extensively as he did in the olden days, but meets the largest part of his customers in New York each season.

A. P. Jordan, pure food inspector, is among the visitors to the city and will interview the merchants here today, showing them the law on what will have to be labeled. Mr. Jordan was a former citizen of this city, having at one time owned The Leader, an afternoon newspaper, and he has many friends who will remember him kindly.

Dr. Geo. S. Waldo will leave Sunday afternoon for Washington, D. C., to visit his mother, take in the inaugural ceremonies of President-elect Taft, and be present at a convention of dentists to be held there during the inaugural week. Dr. Waldo will be joined in Jacksonville by his brother, Dr. Wm. H. Waldo, who will accompany him, the two returning to their respective homes in about two weeks.

BITTER FIGHT ON FOR CONTROL OF SENATE

Senator LaFollette Leading the "Insurgents" in War Against the "Standpatters"

(By Tav, Special Correspondent The Daily Sun.)

WASHINGTON, D. C., Feb. 24.—The United States Government is paying the railroads $4,800,000 annually merely for the rental of the cars used to carry the mails. An additional $46,000,000 is paid for the actual carrying of the mails. The amount paid for the rentals alone in three years would buy the cars outright.

These facts developed in one day's feud between the "insurgents" and "standpatters" in the United States Senate. The revelations were made by Senator LaFollette.

Every indication is that the fight for the control of the policies of the Senate is to be bitter and to a finish. In the debates the "insurgents" will tell everything they know about the "standpatters," and the "standpatters" will "come back" by telling everything bad they know of the "insurgents." Close observers believe the feud will be for the public good, for it will result in the light being thrown on the extravagant and unbusinesslike methods that have been employed in the Upper House for years.

The feud was started by Senator LaFollette. He had the temerity to express the belief a measure carrying appropriations amounting to $137,000,000 could not be intelligently considered in an hour. Senator Hale had brought in the naval appropriation bill at 4 o'clock on the afternoon of February 11, and asked the Senate to pass it that afternoon.

Upon LaFollette protesting the Senator from Maine complained that ten other big appropriation bills were still coming up. And there remained less than fifteen legislative days of the Congress.

The congestion was what the Republicans in charge of the Senate legislation had planned to bring about. Senator Hale could have told to a day last summer when the naval appropriation bill would be reported and put on passage. The same thing happens in every Congress.

The system is what is called "legislation by committee." It is frankly the purpose and intention of men like Hale to prevent and avoid discussion of appropriation bills in open sessions of the Senate. That would let in too much light. It would show up those practices which result in the use of appropriations for the construction of political fences. It would tend to stop the creating of useless naval yards and docks in the senatorial districts where Hale, Perkins and others on the naval committee live. The bills are thrown in at the session's close, and the body of the Senate is expected to ratify the doings of a committee which has sat behind closed doors.

Now that the Republicans have fallen out, and are telling what they know about each other, conditions may improve. The insurgents are numerous and determined enough to prevent passage of the appropriation bills, or some of them at least. They figure they are safe in doing so, because Congress is going to meet in extra session March 15, and plenty of time would remain before the end of the fiscal year in which to enact the measures.

When the postoffice appropriation bill was up LaFollette intensified his unpopularity in the Senate by pointing out the Government's extravagance in the rental of cars.

"This bill, carrying as it does $4,800,000 for car rental," declared LaFollette, "makes an allowance to the railroad companies of the country for the mere use of the cars $4,229 per car, on the average. I do not know that any observations of mine or any authorities that I might offer here are needed to emphasize the fact that this is extravagant. While I was a member of the House in 1887 Postmaster-General Vilas had this to say, and I read only briefly from his report:

"'It is within bounds to affirm that all these might be today purchased, or their duplicates manufactured, for $1,600,000. Yet simply for the use of these cars for the last year, including cleaning, etc., the department was under the annual rate of charge by the existing system of $1,881,580. In illustration, $59,037.75 is annually paid on one line for the use of four cars that might be built and fully equipped in the best modern style for less than $17,500. Instead, then, of appropriating $2,000,000 to rent the use of these cars for the coming year, why should not the appropriation be of a smaller sum to buy them, and of another—say $250,000—for their keeping, the two together not aggregating the proposed rent? The department will thereafter gain at least 51,500,000 per year.'

"It seems to me an unjustifiable extravagance," declared LaFollette, "to pay an annual rental for these railway mail cars almost sufficient to enable the Government to build and own the cars. These cars are railway postoffices. The Government appropriates large sums to erect postoffice buildings; and it would be simply logically carrying out the plan of the Government owning its own postoffice buildings. Here it can be done at an enormous saving to the taxpayers of the country.

"If the committees of Congress are anxious to reduce this growing deficiency of the postoffice department, here, I submit, is a pretty good place to begin."

LaFollette then submitted a resolution that would have required the Postmaster-General to make an investigation into the subject, and to report to the next Congress. The Badger Senator was promptly ruled out of order.

WOODMEN OF WORLD GIVE BIG BANQUET

SANTA FE CAMP, NO 18, ENTERTAINED IN GRAND STYLE.

Miss Maude Thomas Voted the Most Popular Young Lady and Presented With a Handsome Cake.

(By Mrs. I. Ware.)

HIGH SPRINGS, Feb. 24.—One of the most enjoyable events of the season was the banquet on the evening of February 22, given by the Woodmen of the World, Santa Fe Camp No. 18. The hall was beautifully and artistically decorated, and presented a scene of loveliness. In a bower of evergreens was stationed the High Springs Orchestra, which furnished sweet music during the occasion and added much to the pleasure of the festivities. The banquet tables were loaded with the most elegant viands, which were partaken of by a very large number of members of the order and their friends. At the close of the feast a handsome cake, donated by Mrs. A. E. Adams, was voted upon for the most popular young lady. Miss Maude Thomas was the winner, and received the congratulations of her friends. The proceeds from the voting contest will be used for the Woodmen's brass band. The following committee had this entertainment in hand, although each member did their share of work: Messrs. C. S. Rumph, J. L. Grimes, Ralph Norris, Lester Osteen, H. L. Futch.

A. E. Adams is Council Commander of this camp, and under his wise administration the order has grown to amazing strength.

SEABOARD ORDERED TO ERECT NEW DEPOT

Work to Commence Within Thirty Days and Be Completed in Three Months.

TALLAHASSEE, Feb. 24.—The Florida Railroad Commission, at a recent session held in this city, issued the following order requiring the receivers of the Seaboard Railway to erect a new passenger depot in Gainesville:

"Whereas, on January 9, 1908, we issued a notice to the Seaboard Air Line railway of a meeting to be held by us on January 22, 1908, at Gainesville, Florida, for the purpose of considering the advisability of issuing an order requiring the said railway to construct a passenger depot at Gainesville, and the said meeting was held, and divers other meetings were afterwards held on the subject, at which the receivers of the said railway appeared by counsel and otherwise.

"And whereas, it afterwards appeared that S. Davies Warfield, R. Lancaster Williams and E. C. Duncan were appointed as such receivers before January 9th, 1908, and that they had never been made formal parties to this proceeding, whereupon we issued our notice dated January 23, 1909, to the said receivers that we should hold a meeting on February 18, 1909, in the city of Tallahassee, to consider the advisability of issuing an order requiring them to construct a passenger depot at Gainesville aforesaid, and, is found advisable, to consider plans and details necessary or proper to the construction of the same.

"And whereas, at the time and place fixed in said notice, the hearing was had and the receivers aforesaid appeared by Hon. George P. Raney, division counsel, Mr. R. E. Boswell, division superintendent, and Mr. H. S. Thomas, assistant engineer, and were heard, and the matter was taken under advisement.

"Now, therefore, it is ordered that S. Davies Warfield, R. Lancaster Williams and E. C. Duncan, as Receivers of the Seaboard Air Line railway, do erect a new passenger depot at Gainesville aforesaid, at a point not less than 30 feet east of the present depot and apart from the same; that the said depot shall have two separate waiting-rooms and ticket offices, as required by law; that each of said waiting-rooms shall have not less than 550 square feet of floor space, and shall have two water closets, one for each sex. The work of the erection of said depot to begin within 30 days from the date of this order and to be completed within three months from said date.

"Ordered by the Railroad Commissioners of the State of Florida, in session at their office in the city of Tallahassee, this 20th day of February, A. D. 1909." R. HUDSON BURR, "Chairman.

"Attest: S. E. COBB, Secretary."

Governor Glenn Day at the Great Chautauqua

(By Mrs. Elizabeth Smith.)

Wednesday was Governor Glenn day at the Chautauqua, and long will it be remembered, for well may the Southland be proud of this greatest of God's handiwork—a noble Christian gentleman. His grand physique and thrilling words make all pause to admire and listen.

One of the very best lectures in the whole Chautauqua course was the one given by Dr. Wirt Lowther at 10:30 a. m. yesterday on "The Art of Seeing Things." Dr. Lowther has all the qualifications that go to make an orator, and foremost among them is the most pleasant manner and a voice mellow and full. No danger of not hearing what he says, as every word is distinctly articulated. His lecture is full of good things, things to make you introspective and thoughtful, and things to make you glad as well, for his talk is delightfully spiced with the funny side of life as well as the more serious things. His whole lecture grew out of the following words from Aurora Leigh: "Earth Crammed With Heaven and Every Common Fish In Office With God." But only he who sees takes off his shoes, the rest sit around and pick blackberries, showing how true it is that unless the vision is rightly adjusted one person looks on God's most wonderful work and sees something pretty, another standing right beside him is filled with awe, and with tears streaming down his cheeks exclaims: "O, My God, Wonderful Indeed Are Thy Handiworks." It is one of God's greatest blessings to man when he is enabled to see with a broader vision the beauty that is all around us, and if we would see it we must possess it within. Everyone who heard this lecture felt it was priceless in its way and cannot but uplift.

At 3 p. m. the Lady Washington Quartette delighted the people with some very fine selections. Miss Walton, one of the quartette, gave a humorous selection, and Miss Walbridge, the wonderful whistler, again pleased us with her wonderful bird imitations, her imitation of the canary being almost better than the bird itself.

At 3:30 the audience sat expectantly waiting for the first glimpse of Gov. Glenn, and when the grand and noble man appeared all hearts went down before him. After Dr. Lowther, in a most cordial manner, after saying many flattering but well deserved words of praise, introduced him to the people and he commenced his grand, though impromptu, talk on "Character Building" everyone listened with rapt-nous interest. Good common sense words they were from a man who had been blessed with a good Christian mother, not just a church member, but an humble follower of Christ. And one would know, without his telling, from his life among men. It was a grand treat, and all were sorry when he closed that he did not prolong his talk.

At 5 p. m. Dr. Lowther gave his talk on "Heaven, What It Is and Where." He claims not to know, but has his thoughts, which he hopes are true. He says it is a subject the Bible tells us but little about, but wherever it is and what it is will be all we could desire, for Christ will be there, and Heaven is with Him. This morning at 11 o'clock will be his last talk, and it is well worth anyone's while to make an extra effort and come and hear him.

Governor Glenn only expected to give his one lecture that he was

(Continued on Page Four.)

News of World Boiled Down for Quick Reading

It now looks as though the ship subsidy bill, giving a subsidy to ocean-going steamers built in the United States, will be passed before Congress adjourns.

President-elect Taft made a speech at Carnegie Hall, New York, Tuesday, in which he appealed to the public for funds for Hampton Institute, located in Virginia.

As a result of a difficulty in a resort near Douglas, Ga., late Tuesday night, Beeman Goodyear was shot and killed and Romert Heald was fatally wounded. Both are well-known young men. R. V. L. Day and three women have been arrested. Feeling is intense.

Six persons were killed and more than 20 injured, several seriously, by a tornado in Fisher, Ark., Tuesday. Practically every building in the town was wrecked.

The power of the Louisiana railroad commission to regulate rates charged by long distance telephone companies has been upheld by the United States supreme court.

All the battleships of the fleet which recently completed a circle of the globe are anchored in Chesapeake Bay, where they are buffeted by the rough weather now prevailing.

Miss Sylvia Green, daughter of Hetty Green, the richest woman in the world, was married at noon Tuesday to Matthew Astor Wilks, aged 65, who is a great grandson of John Jacob Astor. The wedding occurred at Morriston, New Jersey.

The trial of the two Coopers and ex-Sheriff John D. Sharpe for the murder of ex-Senator Carmack at Nashville continues to attract large numbers of visitors to the court room, as well as to interest the general public. The defense has finished with the testimony of young Cooper, who fired the fatal shot, and Col. Cooper is now giving his testimony. The younger Cooper created a favorable impression by his demeanor on the witness stand, but Sharpe became somewhat entangled on cross-examination. It is probable that the trial will occupy several weeks.

The case of Marcellus Thomas, under sentence of death on the charge of killing two men in Harris county, Tex., was decided Tuesday by the supreme court of the United States against Thomas. Thomas is a negro, and as the grand jury by which the indictment against him was returned contained on it no man of his own race, he charged that he had been discriminated against, contrary to the constitution of the United States, and therefore asked the supreme court to intervene in his behalf. The court refused to reverse the decision of the Texas court, which was adverse to Thomas.

MYSTERIOUS DIG OUT DISCOVERED TUESDAY

LOCATED ON BRANCH IN OLD ELLIS FIELD.

May Have Been a "Tiger" Den or Place Made to Safely Hide Articles of Value.

"Keep Out, I Am Dead"—Inscription on a new home under the ground.

The above inscription was found on the outside of a room which had been dug out and neatly arranged on the inside in West Gainesville in the old Ellis field, and which was discovered yesterday by A. G. Colclough, who in turn notified Marshal Arnow.

In company with the marshal the reporter visited the place and found that it had only recently been constructed, but for what purpose could scarcely be imagined. The only entrance to the room was made from the embankment of the large ditch, there being an opening about 2x3 feet, which was closed with a wooden frame made like the old style shutters—boards nailed together.

After crawling through this opening for a space of about five feet you came to the room. This had been well dug out and arranged by the parties who doubtless spent a great deal of time in making the excavation and putting in the substantial timbers to keep the ground from caving in about them while they were on the inside. The frame was constructed of heavy 2x6 timbers and boards nailed along around the wall of the room, nails being placed at regular intervals all along the sides.

On exploring the room we found nothing particular of note except a handkerchief which had the initials in one corner of "J M," while in another place it simply had the letter "F."

This possibly might have been a "dig out" for some "tiger," or it may have been arranged for the darkies to play their favorite game of "skin," but these are only suppositions.

The marshal dug away the top of the earth above the room, which showed that it was in the neighborhood of two feet underneath the ground.

The room is about 6x8 feet square and a person could easily stand erect on the inside.

Six Nights "Go as You Please" Race.

How many tired fathers and mothers in this town enter this race every night carrying a baby? And they wonder what the matter is. Chances are the child is starving—worms are eating all of its food. Most children have worms—yours needn't. White's Cream Vermifuge will get rid of the worms and strengthen the child. Price 25 cents per bottle. Sold by W. M. Johnson.

AGONY OF ECZEMA BEYOND WORDS

Whole Body a Mass of Raw, Torturing Humor—Hair All Fell Out and Ears Seemed Ready to Drop Off—Clothing Would Stick to Bleeding Flesh—Hoped Death Would End Fearful Suffering.

CASE SEEMED HOPELESS BUT CUTICURA CURED HER

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and kept spreading until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony I endured seemed more than I could bear. Blood and pus oozed from the great sore on my scalp, from under my finger nails, and nearly all over my body. My ears were so crusted and swollen I was afraid they would break off. Every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and bleeding flesh, making me cry out from the pain. My family doctor did all he could, but I got worse and worse. My condition was awful. I did not think I could live, and wanted death to come and end my frightful sufferings.

"In this condition my mother-in-law begged me to try the Cuticura Remedies. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had had in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a short time the sores stopped running, the flesh began to heal, and I knew I was to get well again. Then the hair on my head began to grow, and in a short time I was completely cured. I cannot praise Cuticura enough. I wish I could tell everybody who has eczema to use Cuticura. My condition was so terrible that what cured me cannot fail to cure anybody of this awful disease. If any one doubts the truth of this letter, tell them to write to me. Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 28, 1908."

Cuticura Soap, Ointment and Resolvent (liquid or pills) are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.
Mailed Free, Latest Cuticura Skin Book.

WILL HAVE BIG SHOW.

Manager Gardner Says He Purchased Extensively While Away.

From Tuesday's Daily Sun:

Manager J. D. Gardner, of the Wilson store, returned Saturday from the markets, where he has been for the past two weeks purchasing their spring and summer line of dress goods and novelties for the ladies.

The ready-to-wear department will be found especially complete, as he has taken great pains to put in a supply that will meet the increasing demand in Gainesville. Neither pains nor expense have been spared to make this department all that the ladies desire.

Their store will be closed all of today, but they will be open for business on Wednesday morning, and desire to call the attention of the general public to the fact that this is not their big spring opening, which they will tell you of later, and which will excel all former efforts in this respect.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by all druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

Realty Transfers Monday.

Only two changes were made in real estate Monday, as follows: F. J. Hammond to Idella Epps, Frank B. Kent to Oliver D. Kent.

Many ills come from impure blood. Can't have pure blood with faulty digestion, lazy liver and sluggish bowels. Burdock Blood Bitters strengthens stomach, bowels and liver, and purifies the blood.

The Sun office for calling cards.

OPPOSITION GROWS TO PROPOSED LAW

TO PROHIBIT SALE OF SEA ISLAND COTTON IN SEED.

Old Grower Says Law of Supply and Demand Is What Regulates Prices. Decrease the Acreage.

Editor Sun: I see from the notice in your paper that there is going to be an effort made to pass a law at the next Legislature to prohibit the sale of cotton in the seed. I suppose this idea originated with some cotton association that would not sell their cotton for 35 cents and later sold for 17 cents or less. Holding cotton does not increase the value of it. I have been growing cotton for 40 years, and during that time I held cotton over until spring three different years, and made some money by it, but I have seen my neighbors hold every year and lose more than they ever will make back. If the better class of farmers would plant out five to ten acres in pecan trees and attend to them, diversify their farming more and make less cotton they would get more for it. Supply and demand will govern values. I believe that if it was possible to get a tariff of five cents per pound on all imported long staple cotton and the acreage cut 50 per cent and cotton advanced to 35 cents that the crop would be increased after the advance in prices until it went back down to 18 cents. If you will look up the record of Sea Island cotton you will find that for 103 years it has been selling for from 14 to 98 cents per pound. Short crop and good demand brings higher prices; large crop and poor demand brings lower prices.

If such a law should be passed it would almost be class legislation to satisfy the whims of a few and be ruinous to the masses of cotton growers. Three-fourths of the cotton that is made in Alachua county has to be sold almost before it is planted for supplies of various kinds. Besides we all have remnants and scrap cotton to sell to Mr. Merchant (especially if it is redbuggy.) Place a license of $25 on all buyers of seed cotton, and this will put out the class of buyers that buy the most of the stolen cotton. Let the poor man make what little he can and sell it when and as he pleases.

OLD COTTON GROWER.

Newberry, Fla., Feb. 23, 1909.

White Springs people are proud of the fact that Hutchinson I. Cone, who has been promoted to admiral of the U. S. navy, is a native of that town. Florida boys seldom fail to make a good record in military matters.

ASTHMA VANISHES

So Does Catarrh, Croup, Hay Fever and Bronchitis.

Hyomei is a confidence creator. The first time you breathe in this powerful yet soothing, antiseptic air, you will know that it has marvelous curative virtues. There is nothing disagreeable about Hyomei. It is a very pleasant and prompt remedy for catarrh, colds, asthma, croup, bronchitis, etc.

If your head is so stuffed with mucous that you cannot breathe a particle of air through your nostrils, Hyomei will open them up and give relief in five minutes.

Why will sensible people suffer longer, why will they wheeze and hawk and spit and smother, when J. W. McCollum & Co. will guarantee Hyomei to cure or money back. $1.00 is all they ask for a complete outfit.

"I have used Hyomei for hay fever, and can pronounce it the best relief for this trouble that I ever tried or heard of. I have had this malady for years, and have doctored and used many remedies, but Hyomei is far ahead of any of the others, and has my hearty endorsement."—Mrs. M. S. Martin, Cassopolis, Mich., Aug. 27, 1908.

MI-O-NA Cures Dyspepsia.

Your money back if it don't. Gives immediate relief from heartburn, sour stomach, stomach distress and sick headache. 50 cents a large box at

Interesting News Notes From Beautiful Micanopy

MICANOPY, Feb. 22.—Mrs. C. G. Barr and her two children left for Gainesville yesterday after having spent several days visiting J. J. Barr of this place. They live at Ridge Springs, S. C.

Miss Ruby Thrasher came home sick from Lake City Friday, where she has been attending Columbia College. We hope she will soon be well again.

Capt. J. W. Carter has returned home from a visit to Tampa.

J. Linton Smith of Montgomery, Ala., is visiting home folks for a few days.

The infant baby of E. W. Coleman died here and was buried at Hawthorn Friday.

W. R. Abstein has bought the lot in front of the Tuscawilla Hotel and will soon begin building a residence. We hope others will follow his example.

Dr. J. D. Watkins, local manager for the Southern Bell Telephone and Telegraph Company, spent a few days in Jacksonville recently, where a district conference of all their managers was held for the purpose of deciding upon plans for a definite canvass for telephones in the rural sections around each city or town.

The company's proposition is a very flattering one and is being widely advertised. It gives the rural patron one of the city's many conveniences and benefits at prices within everyone's means, no matter how small a user.

The proposition is one that contemplates the organization of a mutual local club for the purpose of owning and building the lines from the town limits to the subscribers' places, and the company connects with such lines and furnishes service to and from their town patrons at very low cost, depending upon the number of stations to be connected. The following farmers have already such a line in operation: C. R. Curry, C. M. Smith, V. P. Smith, L. M. Smith, T. N. Smith, J. W. Bradley, J. G. Smith, J. O. Tyson and G. W. Bradshaw. Several other lines will be built soon.

Mrs. Sue Feaster has returned home from a visit to Jacksonville and Ocala.

Miss Lizzie Mathews went to Gainesville yesterday to spend Sunday and Monday there visiting friends.

The Melton Lumber Company will soon open an up-to-date commissary down at their mill. H. H. Simpson will be in charge.

C. R. Curry was in town yesterday, just as happy and smiling as ever.

J. P. O'Dell, the clever representative of E. R. Brackett Co., is out on the road in their interests.

The people of this place would be under obligation to the Tampa & Jacksonville railway authorities if they would arrange a schedule so they could go to Gainesville and return the same day. This schedule was once in effect, and we don't see why it could not be used again.

We had a good rain here yesterday which did the trucking interests a great deal of good.

Cabbage is being shipped in car lots and the prices are good and seem to be getting better. The farmers are more hopeful now than they have been over the prospects. For two years not much money has come into the country for the vegetable crops, and we hope this will be one of the seven years of plenty and good prices.

It is rumored that there is soon going to be a wedding here of more than usual interest. We are not at liberty to tell who the parties are—everybody will know later. We extend our congratulations in advance.

J. L. Hare, one of the prosperous farmers and orange growers of Tacoma, was in town yesterday.

TWO BUILDINGS TO HAVE STORY ADDED

WORK TO COMMENCE WITHIN SHORT TIME.

With Buildings in Course of Erection and New Ones Gainesville Will Soon Be a Lively Place.

From Tuesday's Daily Sun:

Among the new improvements shortly contemplated for Greater Gainesville is the building of a second story on two large buildings adjoining the square.

While the owners are not now prepared to give out the particulars it is certain that within a short while two of these brick buildings will have a second story placed on them in order to accommodate the already increased business of one of the firms now occupying the building. It will require something like 300,000 brick to complete the job on the first one, and it is certain that the contract will be awarded within a short while.

Another building, the Hill block, it is understood will be added to within a short while. Already Mr. Hill has received numerous inquiries for rent of such an upstairs, and he is now figuring with the contractors preparatory to adding a second story to his building on Liberty street.

Aside from the above two buildings, the Gainesville Hardware Company will shortly commence the building of a large warehouse, two stories in height and which will be about 40 by 150 feet, in order to accommodate their increased business.

The Paper Factory.

From Tuesday's Daily Sun:

B. F. Williamson has returned from New York and other points, where he has been on business for the past two weeks. He will have something interesting to give out concerning the large paper factory that is to be erected here within a short while. The company are hard at work and are still making up different grades of paper from the wood pulp of Alachua county pine trees.

Everybody's friend—Dr. Thomas' Electric Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

Fifty Cents a Month

A small bottle of *Scott's Emulsion* costing fifty cents will last a baby a month—a few drops in its bottle each time it is fed. That's a small outlay for so large a return of health and comfort. Babies that are given

Scott's Emulsion

quickly respond to its helpful action. It seems to contain just the elements of nourishment a baby needs most.

Ordinary food frequently lacks this nourishment; *Scott's Emulsion* always supplies it.

Send this advertisement, together with name of paper in which it appears, your address and four cents to cover postage, and we will send you a "Complete Handy Atlas of the World"

SCOTT & BOWNE, 409 Pearl Street, New York

BOYS WERE RE-ARRESTED.

Two Martin Boys and George Powers Brought to City Tuesday.

From Wednesday's Daily Sun:

Sheriff P. G. Ramsey returned Tuesday from Wilcox, where he went to rearrest the three young men who have a serious charge hanging over them, and who will have to stand a preliminary examination here before Judge Mason.

The warrant causing their arrest was sworn out by Attorney J. M. Rivers, at the instigation of parties in the West End, and the prosecuting attorney says he only desires that the matter be thoroughly investigated before the men are allowed bail.

It is understood that arrangements have been made for the hearing to come before the judge on next Thursday, at which time a large delegation of West End citizens will visit the county seat.

Hamlet

Had melancholy, probably caused by an inactive liver. A bad liver makes one cross and irritable, causes mental and physical depression and may result disastrously. Ballard's Herbine is acknowledged to be the perfect liver regulator. If you're blue and out of sorts, get a bottle today. A positive cure for bilious headache, constipation, chills and fever and all liver complaints. Sold by W. M. Johnson.

Isn't there something which only a want ad. can do for you today?

WISCONSIN FARMER KILLED HIS CHILDREN

CUT THE THROATS OF A BOY AND THREE GIRLS.

Stabbed Horses and Cows, Fired Barn and House, Cut His Own Throat. Formerly in Insane Asylum.

MONDOVI, Wis., Feb. 23.—Hans B. Hanson, a farmer living near Strun, cut the throats of his four children, a boy and three girls, whose ages range from 5 to 15 years, today, with a butcher knife. He followed this crime by stabbing several horses and cows, firing the barn and house, and then cutting his own throat.

After killing his children, Hanson went to the barn and stabbed several horses, cows and pigs and killed a cat. He then poured paris green in the hog trough. Then having poured kerosene about the house and barn and set fire to the buildings, Hanson drew a sharp knife across his own throat.

Hanson attended church yesterday with his four children and nothing was noticed in his action. He was an inmate of an asylum about twelve years ago.

Hexamethylenetetramine.

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by the medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. J. W. McColum & Co.

Letter From Hon. Frank Clark.

From Tuesday's Daily Sun:

Col. F. Bayer is in receipt of a private communication from Congressman Frank Clark which was written in Washington on last Thursday. In this letter the Congressman states that work will positively be commenced on the Federal building in this city not later than the 15th of March.

Baby Hands

Will get into mischief—often it means a burn or cut or scald. Apply Ballard's Snow Liniment just as soon as the accident happens, and the pain will be relieved, while the wound will heal quickly and nicely. A sure cure for sprains, rheumatism and all pains. Price 25c, 50c and $1.00 a bottle. Sold by W. M. Johnson.

Making Improvements.

From Tuesday's Daily Sun:

J. J. Haymans, who owns considerable property here and who has again removed his family to the city, spent Sunday and Monday here visiting them and looking after his extensive interests. He is now having considerable repairs and improvements made to some of his business property.

Worn Out.

That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price 25c, 50c and $1.00 per bottle. Sold by W. M. Johnson.

Tuner and Fisherman.

From Tuesday's Daily Sun:

Prof. Jules Eichelberger has returned from Micanopy, Evinston, McIntosh and other places, where he spent the past two weeks following his vocation as piano tuner. While near Tacoma he enjoyed a fine day's sport fishing and says that the party were very successful and fish are biting well.

Stock for Georgia Farm.

From Tuesday's Daily Sun:

Manager Callison of Spring Park Farm was in the city yesterday. He came over for the purpose of superintending the loading of two fine Hereford bulls which he sold to the county commissioners of Chatham county, Ga. They will place them on the farm maintained by the county.

HERE IS RELIEF FOR WOMEN.

If you have pains in the back, Urinary, Bladder or Kidney trouble and want a certain, pleasant herb relief from woman's ills, try Mother Gray's "AUSTRALIAN-LEAF." It is a safe, reliable regulator and relieves all Female Weaknesses, including Inflammation and ulcerations. Mother Gray's Australian-Leaf is sold by druggists or sent by mail for 50 cts. Sample sent FREE. Address, The Mother Gray Company, Le Roy, New York.

TWO MEN DIE FROM DRINKING ALCOHOL

One of Them the Only Eye-Witness To the Killing of W. H. Moreland.

From Tuesday's Daily Sun:

o o o o o o o o o o o o o o o o o o o o
o To The Sun: o
o The dead body of E. C. Osteen o
o was brought from Holder and bur- o
o ied at the family burying ground o
o in Columbia county. It is alleged o
o that he died from the effects of o
o poison given him by T. E. Mixson o
o with the intent to effect the death o
o of Osteen. SUBSCRIBER. o
o o o o o o o o o o o o o o o o o o o o

The above is a copy of a letter received by The Sun last Sunday which was mailed at High Springs, but the author is unknown, consequently we began an investigation concerning the strange information.

The Sun reporter saw several people from High Springs and could not locate anyone acquainted with Osteen until the arrival of I. S. Futch of that city Monday evening.

He said the man was known in that section as "Noc" Osteen, and had lived there several years ago, but moved away and had not been heard from until the arrival of his body on Sunday, which was buried near there, in Columbia county.

On further investigation it was learned that C. E. Mixson, the man that is supposed to have given Osteen the whiskey, was dead, and it was further stated that he died from the effects of wood alcohol, which shows that the two parties had evidently been on a spree together, and in some manner got hold of this kind of booze to drink instead of a better article.

Where they got the whiskey from could not be learned, or who was with them at the time they were drinking, as we could think of no one at Holder, where the deed was committed, to communicate with.

Judge Wills and Attorney Rivers were both shown the letter and will doubtless have some investigation started, as the man Mixson was the star witness in the Bexley-Osteen case which is to come up for trial at a special term of court in this city next month, along with other important cases.

There are a great many suggestions as to how the men come by the drug that caused their death, but only a thorough investigation will bring this out. Mixson bore none too good a name as to truthfulness, while the other party is not known by anyone here.

A message from young Osteen, who is confined in jail, said that he knew nothing of the man and that they were not in anyway related that he knew of.

Mixson was the sole witness for the State, but a recent decision of the supreme court rules that the evidence he has already given will hold good in the coming trial, it having been already decided on in a similar case.

Both parties died within a short while of each other at Holder, which is a mining town south of Dunnellon, in Citrus county, the body of Osteen having been shipped to High Springs, while the remains of Mixson are supposed to have been buried there.

Special Term of Court To Convene March 22

There is to be a special session of the circuit court here on March 22.

The names of the grand and petit jury will be drawn from the box on March 9th, and the special term will follow as per the judge's order, as follows:

"In the Circuit Court in and for Alachua County, Florida.

"Whereas, There are a large number of prisoners now confined in the county jail of Alachua county, Florida, charged with criminal offences, some of whom have heretofore been indicted and some being held to await the action of the grand jury, in my opinion it is necessary for the public welfare and the cause of justice that a special term of the circuit court shall be held in said county for the trial and disposition of said cases. It is therefore ordered that a special term of the circuit court be held in and for said county commencing at nine o'clock a. m. on the 22nd day of March, A. D. 1909, for the trial of such persons now confined in the Alachua county jail as have been heretofore indicted and for the submission to the grand jury of the charges against such others as are held to await the action of the grand jury, and for the trial of such as may be indicted. It is further ordered that the clerk of this court do, after giving the proper notice, draw from the jury box in the manner prescribed by law the names of thirty-six persons to serve as grand and petit jurors at such special term of court, and do issue a venire commanding the sheriff to summons the persons so drawn.

"Done and ordered this 22nd day of February, A. D. 1909.

"J. T. WILLS, Judge.

"Filed February 22nd, 1909. Recorded February 22, 1909.

"S. H. WIENGES, Clerk.

"Per ESTELLE BEAL, D. C."

Jeff Davis' Name Will Be Replaced on the Bridge

WASHINGTON, Feb. 23.—Official amende for the sensational elimination of Jefferson Davis' name from the stone tablet on Cabin John bridge, six miles west of this city, during President Lincoln's administration is given in directions the President issued yesterday through the secretary of war to the chief of engineers of the army to restore the name. The tablet is on the bridge that arches Cabin John run on the Maryland side of the Potomac river, a structure famous for years as the longest span stone bridge in the world. The bridge carries the conduit which brings Washington's water supply from the upper Potomac. It was begun under Davis as secretary of war and when he joined the Confederacy and became its President, his name, under Government orders, was chiseled from the tablet.

Repeated efforts to restore it have been made. At the 1907 convention of the Daughters of the Confederacy a resolution was adopted asking for the Davis restoration and Representative Meyer of Louisiana sought unsuccessfully to have this carried out. The erasure of the name was by direction of Caleb Smith, Lincoln's secretary of the interior, after a suggestion by Galusha Grow, of Pennsylvania, then speaker of the House.

Marines Save Murderer From Fury of Judge Lynch

TALLAHASSEE, Feb. 23.—Gov. Albert W. Gilchrist, late Monday afternoon, ordered Capt. W. W. Flournoy of Company K, First Infantry, Florida State Troops, at DeFuniak Springs, to proceed to Pensacola with all possible haste to aid in preserving order at that point.

The action was caused by the following telegram, which was received from Sheriff Van Pelt:

"Negro killed white man today. Jail will be stormed tonight, and need troops. Great excitement. Crowd at fever heat. Answer."

Gov. Gilchrist immediately sent the following telegram to Capt. Flournoy:

"Proceed with all possible promptness with your company to Pensacola to assist sheriff in maintaining order. Wire time of your arrival."

Marines to Rescue.

PENSACOLA, Feb. 23.—Guarded by a detachment of United States marines, with fixed bayonets, Eastman Spears, colored, who killed Ernest Martins, a young white boy, Monday afternoon, was removed early last night to the navy yard.

MISS DORIAN ELLIS STILL IN THE LEAD

BUT MISS DUPREE IS CLOSING UP THE GAP.

Catherine Haile Polled Another Big Vote Wednesday, Greatly Decreasing Lead of Next Two Highest.

Outside of four candidates there was little doing in the piano contest Wednesday, but both editions of The Sun go to several new homes for a year as a result of the efforts of the three leading candidates.

Following is the vote to date:

Miss Dorian Ellis, city	834,705
Miss Bessie Dupree, city	825,965
Miss Catherine Haile, city	780,685
Miss Florrie Strickland	369,725
Miss M. Daughtrey, city	171,820
Miss Mary McCormick, city	72,025
Miss Nannie Dickinson, city	57,565
Miss Alma Fennell, city	56,410
Miss Julia Carter, city	46,435
Miss Mabel Sanchez, city	41,605
Miss A. Groff, Newberry	38,010
Miss Jessie Evans, city	30,175
Miss A. Strickland, Waldo	24,975
Miss Estelle Beal, city	24,510
Miss Emma Hudson, city	23,630
Miss Annie Beville	18,445
Miss Elvena Staf, Waldo	11,895
Mrs. I. Ware, High Springs	10,945
Miss Goldie Lambert, city	6,065
Miss Lizzie Sheppard, Bell	6,005
Miss K. Carlton, Micanopy	5,590
Miss M. Fernandez, city	4,095
Miss Mary Thigpin, city	3,800
Mrs. A. W. Sargent	3,345
Miss L. Sanders, Hawthorn	3,250
Miss Ruby Albright	3,100
Miss Flossie Banks	105

Death of Small Child.

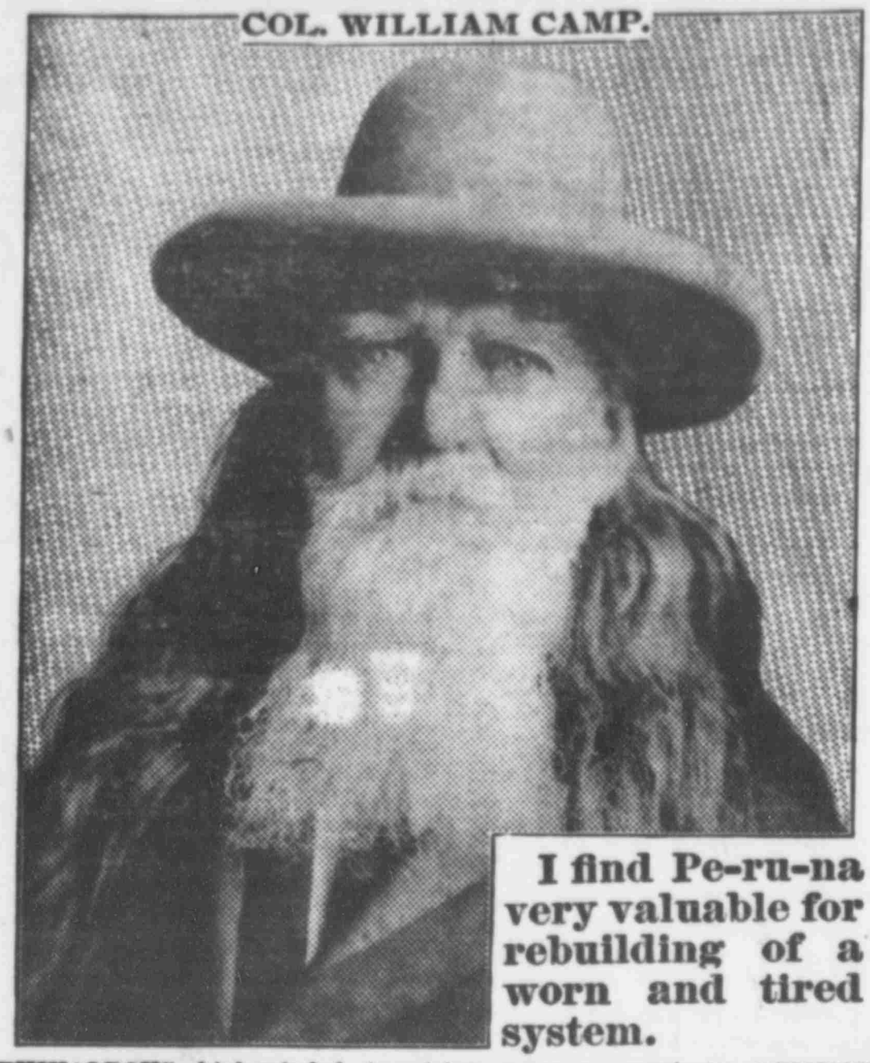
The little adopted child, which was only about three months old, of Mr. and Mrs. J. W. Walker of East Gainesville, died at their home on Wednesday and the remains were taken to Kanapaha, where they were laid to rest in the cemetery.

A Hurry-Up Medicine.

Every housekeeper recognizes the need of effective remedies to be used in emergencies—when something must be done right away. Such a remedy is Perry Davis' Painkiller, for sprains and bruises, for strained muscles and for the aches and pains resulting from blows and falls. Burns and cuts are instantly relieved by it and helped to healing. Its mission of mercy began seventy years ago. It is used in all countries and millions of bottles are sold annually. There is but one Painkiller, Perry Davis'. Have you seen the new large 25c size?

IN WASHINGTON, D. C., EVERYBODY KNOWS

COL. WILLIAM CAMP.



I find Pe-ru-na very valuable for rebuilding of a worn and tired system.

CHIVALROUS, high-minded, impulsive, generous, courteous, courageous, loyal, a believer in good fellowship, a lover of home, magnanimous to enemies, true to friends, is a reputation that any man may well envy.

No man better exemplifies this description than Col. William Camp, whose testimonial is given below. His unique figure and charming personality is well known in the streets of the capital city of the United States. His word is as good as his bond. His frankness and truthfulness no one has ever questioned that knew him.

Read what he says concerning Peruna.

"I write to say that I have used Peruna and find it a very valuable remedy for coughs or colds and rebuilding of a worn and tired system, dissipating and eradicating that old tired feeling."---Col. William Camp, 1740 L St., N. W., Washington, D. C.

MR. CHAS. BROWN, Rogersville, Tenn., writes: "I feel it my duty to write you a few words in praise of your Peruna. I have tried many different remedies, but have found that Peruna is the greatest tonic on earth, and a perfect system builder.

"A friend advised me to take Peruna for indigestion, and it cured me in a short time. I was very weak and nervous, could sleep but little at night, but Peruna cured that tired, all-gone feeling, and made me feel like a new man, so I heartily recommend it to all who are weak and run down. It will give new life and energy.

"I cannot speak too highly of Peruna, and will not forget to recommend it."

Peruna is manufactured by the Peruna Drug Mfg. Co., Columbus, Ohio.

ROUND ABOUT LAKE JEFFORD.

LAKE JEFFORD, Feb. 24.—Mr. and Mrs. Robert Weeks were visiting in our midst Thursday.

C. C. Morrison is again able to follow the plow. Mr. Morrison attended the meeting of the Grand Lodge of Masons in Jacksonville and reports a fine time.

We are glad to see Mrs. Morrison out driving, and hope she has entirely recovered from the severe attack of lagrippe.

Mr. M. Clements is through breaking up his ground and will start now in earnest to planting his various crops. He will soon have another lot of carrots ready for market. Eaten raw they are said to be very fine for the complexion.

Frank Morrison is visiting his parents here.

We would like to have another fish fry. J. W. Peacock made the last fry a grand success by his generous contribution of fish. Mrs. Peacock was not able to attend, and we all missed her.

Mrs. M. Clements was shopping in Hawthorn a few days ago.

We expect a visitor next week from Macon, Ga., Mrs. H. Stamps. She is now visiting her daughter, Mrs. L. Webb of Hawthorn.

We have had some fine rains this last week, and they were badly needed.

Officer Was Disqualified.

From Wednesday's Daily Sun:

Deputy Dickerson arrested Wallace Love, charged with gambling near Paradise, but when the case was called for trial before Judge Mason, Attorney Fielding, acting for Love, asked the judge to dismiss the case on the ground that Dickerson was not legally elected to the position of constable, and consequently his commission was no good. Judge Mason adjourned the hearing and has taken the case under advisement.

THE BUSH & SAFFORD PIANO CONTEST

In Which a Resident of Alachua County Will be Awarded a Beautiful Howard Piano, and 18 Certificates Valued at $3,150.00 Furnished by The Bush & Safford Piano Co., Sole Representatives of The R. S. Howard Co. of Miami, the Contest to be Conducted by THE SUN in Behalf of Bush & Safford.

$3,550.00.

One $400.00 Howard Piano will be given to the person residing in the County of Alachua who receives the highest number of votes between December 15th, 1908, and 10 p. m. April 15th, 1909.

ADDITIONAL GIFTS.

In addition to the Piano there will be issued by The Bush & Safford Piano Co., on a new $400 Howard Piano, eighteen Transferable Due Bills, same to be used as a first or initial payment on a new Howard Piano. These due bills will be given in this voting contest as follows, to persons residing in Alachua County:

To the first six receiving the next to the highest vote, a due bill for each for $200.00.

To the second six receiving the next highest vote, a due bill for each for $175.00.

To the next six receiving the next highest vote, a due bill for each for $150.00.

These due bills may be used by the winners or can be disposed of to anyone for any value they may see fit, and will be worth their face value upon the purchase of one of these new pianos.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tieing.

How and Where to Get Votes.

The following merchants will give one vote for every cent paid into their establishments for goods which they handle:

The Gainesville Hardware Co.
Phifer Bros.
Hyde & Tench.

Where Votes May be Cast.

Ballot boxes will be found in the establishments of the merchants giving votes and at The Sun office. Votes sent by mail must be directed to the Voting Contest Department of The Sun, Gainesville, Florida.

Rules and Regulations.

1 The contest is open to anyone living in Alachua county who is known by the conductors of the contest or vouched for by some reputable person, to them well known.

2. No employee, attachee or relative of the proprietors of the above-named firms are eligible to participate in this contest and will participate in no manner.

3. In the event of a misunderstanding between candidates or others interested in this contest, such controversy may be referred to the conductors of contest, who alone are the persons qualified to render decisions.

4. In the event a candidate decides to withdraw from the race, such candidate will not be allowed to transfer votes to the credit of another candidate in the contest.

Hon. Park M. Trammell, Florida's efficient Attorney-General, has received many "boquets" from the newspapers recently. And he deserves them.

Again we remind you that in order to vote at the city election on April 13th you must pay your poll tax on or before the second Saturday in March.

It is said that two "spirits" will figure in the selection of the Speaker of the Florida Legislature—spirits turpentine and spirits fermenti. It remains to be seen whether the two "spirits" will unite their forces or be opposing ones.

Property owners have moved their fences about five feet south on the south side of Boundary street, and the work of rocking this thoroughfare will soon commence. When this paving is completed it will afford a good drive from the public square to Paradise, four miles west of the city.

Apart from the religious basis for the fasting observed during Lent the practice itself has a hygienic value, in that it gives the stomach a chance to rest from the overwork it is usually called to do the rest of the year. Probably most Americans eat too much, with the result that dyspepsia and a whole lot of other ailments follow. The various dietetic and other cures which men take to recover from the ills of over eating owe much to their value to the abstemiousness they enjoin.

It seems that the saloon men now engaged in business in this State can rest easy, so far as State-wide prohibition is concerned, until the question is submitted to the people. In Georgia and Tennessee, where State-wide prohibition was enacted by the Legislature, the local option method of regulating the sale of liquor was simply a statutory law, whereas in Florida the local option law is a constitutional provision, and the only way in which it can be changed is by an amendment to the constitution. Such an amendment will have to pass both houses of the Legislature by a three-fifths vote of all the members elected to the Legislature, and then be voted upon by the people at a general election.

The Gainesville Sun has a subscriber, W. S. Jackson of Lakeview, in Alachua county, who walked into The Sun office the other day and renewed his subscription for the twenty-second consecutive year. There's our notion of an ideal citizen. A man who will keep his subscription paid up for twenty-two consecutive years to his county paper and read it regularly, had all the elements of a good citizen in him at the start, and the educative influence of such a paper as The Sun through all those years could not fail to confirm him in the right in whatever affected his qualities as a member of the community and make him at all times an exemplar and advocate of law and order, education and industry. Men in good standing on the subscription books of their county paper may always as a rule be classed as "desirable citizens."—Live Oak Democrat.

MAKES IT WORSE.

(Tampa Tribune.)

Former Governor Broward attempts an explanation of the rich "hand-outs" given William S. Jennings during the past two years of his connection with the State government—but the explanation makes matters much worse than they were at first glance. According to the former Governor, Jennings' salary was only $5,000, with the emphasis on the only, but he received "commissions as agent." Agent for whom? If for the State, was it not reprehensible for him to accept and for the State to pay a salaried official a commission for attending to the State's business? Suppose, for instance, Governor Broward had charged the State a "commission" for conducting some business transaction during his term of office? Would it not have been sufficient ground for impeachment? Suppose Governor Gilchrist should collect "commissions" equal to three times his salary for transacting his official business in one year's time? What sort of verdict would be rendered by the people of Florida on such conduct? Yet here was Jennings, a salaried official, receiving $5,000 a year for attending to the business of the Board of Internal Improvement, and collecting, in addition thereto, $10,000 one year and $12,000 another year for attending to that business. And, if agent for other parties, what right had he to represent them while ostensibly representing the State and, if he did so, why should the State pay him for representing other interests? Either way we look at the former Governor's explanation, the more unfavorable do both sides of the Jennings deal appear. If this State is to set a precedent of paying officials $22,000 bonus in addition to their salaries, for transacting the business of their offices, it is certainly time to call a halt; and the action of the present administration in stopping this unwarranted drain on the public treasury becomes more commendable in whatever light we view it.

DEMOCRATIC HOUSE IN 1910.

Widespread interest among politicians has been aroused by an article by William J. Bryan in the March number of Munsey's Magazine, entitled "The Future of the Democratic Party." Mr. Bryan in his paper carefully analyzes the political conditions of the present day, discussing the policies of his party at length.

"It is more than possible—it is even probable," he declares, "that the House of Representatives to be elected in 1910 will be Democratic."

Sounding a word of warning to President-elect Taft, he continues:

"The President-elect cannot possibly satisfy the expectations of both elements of the Republican party. With a Republican Senate and a Republican House controlled by what Mr. Roosevelt calls reactionaries, how can he escape conflict either with the Republican leaders or with the Republican voters of the Missouri Valley?"

In discussing the tendency toward reform legislation, Mr. Bryan says:

"The Democratic party is in sympathy with the growing demand for remedial legislation; it is therefore rowing with the tide, for the tide is onward. Democrats, recognizing the responsibility of their position, and strong in the confidence they feel in the righteousness of their cause, are prepared to wage a winning fight against an opposition already panic-stricken."

Influential Democrats declare Mr. Bryan's article to be the most important political paper printed since the election of Mr. Taft last November.

FRANK CLARK.

Hon. Frank Clark has firmly cemented the ties of friendship which bound the Sanford people to him in the past. His deep interest in every movement that will benefit his constituents has won for him a large spot in the hearts of the people.—Sanford Herald.

The people of Florida never had a better man to represent them in the halls of Congress. He is in every respect the peer of any man now a member of Congress, and the people of the second district of Florida are fortunate in having so able a man to represent them. He is a broadminded statesman in every sense, and no member of the House from the South wields greater influence at Washington or stands higher in the National Capital than our own Frank Clark.

THE TARIFF EXPERTS.

The National Tariff Commission met in Indianapolis last week and passed resolutions asking Congress to call to its assistance experts to help in the solution of the tariff problem.

It is true that our tariff laws heretofore represented to an astonishing degree a combination of ignorance and pressure of special interests duly benefited, but if the tariff is reduced this time it certainly will be no act of ignorance or surrender to special interests. A perfect reform, or one next to it, cannot be expected, but to call in experts now, when Congress is ready to act, would only mean delay, and it is already hinted that the Indianapolis convention was called for this very purpose.

Then, what can be expected of tariff experts, anyway? Experts are usually like doctors—they mostly agree to disagree. It is too well known how even scientific men, when called as experts in important law cases, only too often disagree as widely as laymen.

The country expects Congress to revise the tariff, and the party in control is pledged to it; so let the experts alone. Their calling in will only lead to a postponement of tariff reform and keep up the uncertainties under which the country suffers just now, and which prevent the much-desired business recovery.

BOOKS CLOSE IN APRIL.

Only a Few More Weeks Remain in Which to Pay Taxes.

Tax Collector Dickinson desires to remind the tax payers that they have only a short while left in which to pay their taxes and save the extra expense of advertising. According to the law the tax books will close on April 1.

Honor Roll of Hawthorn School.

Following is the honor roll for the Hawthorn High School for the past month: Tenth Grade—Misses Daisy Ormond, Francis Laughinghouse, and Bessie Waits. Ninth Grade—Misses Ola Adkins, Marguerite Cail, Kittie Waits, and Deasil Strange, and Harry Webb. Eighth Grade—Miss Pearl Gay, Toby Stock, Leo Johnson. Fourth Grade—Charley Corehnke. Third Grade—John McIntosh and Minnie Berkstresser.

New homes are being contracted for almost daily in Sanford, says The Sanford Herald. Yet it is impossible to supply the demand.

FELL FROM SCAFFOLD AND INJURED HIS BACK

Thirty years ago James C. Lee of 1100 9th street, S. E., Washington, D. C., fell from a scaffold and seriously injured his back. In telling about it he says: "My suffering was terrible; from the small of my back all around my stomach was just as if I had been beaten with a club. I tried all kinds of plasters, belladonna, capcine and porous, without getting relief, and bought so-called electric belts, but none of them did me any good.

"One day, while working near my daughter's house, my back pained me so badly that I had to quit. I went into the house and lay down for ease. My daughter had a bottle of Sloan's Liniment in the house and she rubbed my back well with it and gave me some to take home. I used six and a half bottles of Sloan's 25c Liniment and can do as much work now as any man in the shop, although I am sixty-seven years old. I would not be without Sloan's Liniment for any consideration and recommend it to anyone suffering pain."

Whiskey for Medicinal Use
should be the real genuine article, combining rich flavor with absolute purity.

Sunny Brook
THE PURE FOOD
Whiskey

is pure, natural whiskey, distilled and aged in the good old Kentucky way. Age, Proof and Quantity attested by the Government "Green Stamp" which seals every bottle.

The richness of flavor and soft mellowness of Sunny Brook Whiskey especially recommends it for home use as a healthful stimulant and a wholesome tonic.

GOV. GLENN DAY AT GREAT CHAUTAUQUA

(Continued from Page One.)

booked for, but most kindly consented at the request of Dr. Davidson to talk twice, and as he says he did not bring his "encore" piece, he would give an impromptu talk in the afternoon. If that was impromptu we must refrain from saying what his lecture was until tomorrow, as we are unable to tell you of it this morning. We will try to tell you later.

See the "Chautauqua Herald" for today's program.

Had Operation Performed.

W. W. Colson has returned from Jacksonville, where he accompanied Homer Love for the purpose of having an operation performed on the latter's eye. It will be remembered that Mr. Love had the misfortune to be thrown against a boiler which had been left in the road at night, the horse killed, and himself seriously injured, about five months ago. It was to regain the sight of one of his eyes that he had the operation performed.

Highly Pleased With City.

J. H. Scales, cashier of the Perry Banking Company, returned to his home yesterday after having spent the past few days here as the guest of Chas. A. Faircloth of the Gainesville National. While here he took in several places of interest around the city, which he pronounced the best and prettiest town in the State. He is highly elated with Gainesville and her people.

Two artillery companies and band from the United States troops will participate in the Ponce de Leon celebration in St. Augustine this year.

PLEASING RESULTS CROWNING EFFORTS

LADIES HAVE SECURED ONE-DAY EXHIBIT FOR GAINESVILLE.

Members of Twentieth Century Club Took Matter Up Through Their Special Committee.

Through the efforts of the Twentieth Century Club, it has been made possible for Gainesville to secure a one-day exhibit of the American Tuberculosis exhibition which has already been shown in Jacksonville and Pensacola to great advantage.

Mrs. C. A. Colclough, who is chairman of the civic committee of the club, has been at work for the past several days trying to arrange matters for the exhibit in Gainesville and has succeeded in a promise of the same, but the date will have to be announced later.

The State management are now arranging for a circuit of the State and Gainesville ladies having exerted their energies in selling a large number of stamps during the holidays were given one of these exhibitions.

The exhibition consists of charts, maps, models of tents and buildings, photographs and pictures showing causes leading to consumption, demonstrations of living in the open, etc., and several hundred slides used with the addresses given a number of times each day and night. There is nothing disagreeable or dangerous; no patients treated; no remedies sold or advertised; no promotion of any commercial or private interest.

The purpose is to show the means of prevention and cure, and to secure a far-reaching press and platform propoganda against this preventable and curable disease.

Medical societies are requested to appoint committees to enlist local cooperation, inviting the aid of various clubs and societies. Public school superintendents, principals, and teachers are urged to take the initiative towards forming local commtitees to aid during the exhibition, and to give special attention to instruction on the subject of right living.

Every official and every citizen who has data of any sort regarding tuberculosis in Florida, or concerning efforts made to combat it, is earnestly requested to forward same to address below.

Campaign Headquarters

Have been located in the Board of Trade building, Jacksonville, during January and February, but mail should now be addressed to American Tuberculosis Exhibition, Pensacola, Florida.

Features of the campaign will be exhibitions at Jacksonville and Pensacola, one-day institutes at Gainesville, Miami, Lake City, Tallahassee, Key West, and other points, with a mail and press campaign reaching every part of the State with information, the holding of meetings, and formation of local committees.

The committee hopes to have the one-day session in Gainesville following the closing of the Chautauqua and desire the hearty co-operation of the citizens generally in this great undertaking.

The colored people, too, are reminded that these exhibits are intended for them, and they are expected to work in the interest to stamp out the disease.

Keep a close watch for the date of the exhibition, and in the meantime talk about it and try and work up as much enthusiasm as is possible along this line, and see if good results will not follow the instruction that we will get from the sessions here.

Bears the Signature of Chas. H. Fletcher

The third annual statement of the Florida Life Insurance Company has been published. The company has made a steady and substantial increase in business and is now established on a solid foundation.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system. J. W. McCollum & Co.

A hard surface road from Fernandina to Jacksonville is now an assured fact. The county commissioners of Nassau county have decided to start the work at once.

Foley's Orino Laxative cures constipation and liver trouble and makes the bowels healthy and regular. Orino is superior to pills and tablets as it does not gripe or nauseate. Why take anything else? J. W. McCollum & Co.

The body of an unknown man was found Saturday morning floating in the river at the Camp Lumber Company's mills near Carrabelle. His throat appeared to have been cut.

Itching, torturing skin eruptions, disfigure, annoy, drive one wild. Doan's Ointment brings quick relief and lasting cures. Fifty cents at any drug store.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

You can't afford to accept a *secret* nostrum as a substitute for this non-alcoholic medicine OF KNOWN COMPOSITION.

...THE TREATMENT OF MUCK SOILS...

By A. W. BLAIR
Florida Agricultural Experiment Station

Muck soils are formed by the decay, in low wet places, of grasses, weeds, twigs, leaves, and even trees. Being so largely formed from vegetable matter, they are much richer in nitrogen than ordinary soils. They usually also contain small amounts of phosphorus and potassium. No systematic survey of the muck soils of Florida has yet been made, but such evidence as has been accumulated tends to show that they are generally very acid or sour.

Drainage.

If muck soils are to be cultivated it is obvious that they must first be drained. This is necessary in order that they may become the home of the various kinds of micro-organisms that play an important part in the making of a fertile soil. These micro-organisms need moisture, but they cannot develop in mud or standing water.

Cultivation.

Cultivation should be deep, especially at first, in order that the air may thoroughly penetrate the soil. Muck soils often contain substances that are injurious and even poisonous to plants. When these poisonous substances are exposed to the air, they are probably oxidized to a considerable extent and thus destroyed. A free circulation of the air also improves the conditions for the development of the useful micro-organisms.

Correcting Acidity.

Suitable materials for this purpose are finely ground limestone, slacked lime, wood ashes, and marl. A fuller discussion of this subject is found in Bulletin 93.

It will be necessary in most places to use larger quantities on muck soils than on upland soils. If limestone is used, two to six tons per acre should be applied. If lime is taken, a ton and a half or two tons may be used. The material should be thoroughly worked into the soil one or two months before the crop is planted. This will give time for the lime to neutralize the acid.

The importance of destroying the acids can be better appreciated, when we remember that the micro-organisms that convert organic nitrogen into a form that can be used by plants cannot develop in a highly acid soil. The limestone and lime also furnish a suitable base with which the nitric acid that is formed may unite, thus producing calcium nitrate which can be taken up by plants.

If muck is to be used on upland soils, it is also necessary for the acid to be destroyed. This can be done either by composting it with one of the materials already mentioned, or by applying the latter when the muck is applied, or afterwards, and thoroughly mixing both with the soil by cultivation. Muck may be improved by simply drying and thoroughly airing it. This is especially true of mucks that contain iron compounds. We cannot expect a satisfactory yield of such crops as celery and lettuce on muck land until the acids have been largely destroyed.

It occasionally happens that a muck deposit is underlaid with marl, or is in close proximity to a limestone formation. In such cases it is not likely to be acid, and might not require the treatment with lime.

Fertilizers.

Muck soils being especially rich in nitrogen should, one would think, require but little, if any, of the nitrogenous fertilizers. Experience, however, has shown that in many cases they do require added nitrogen. This is because they are so strongly impregnated with acids that the bacteria which would otherwise convert the inert nitrogen of the organic matter into soluble nitrates, cannot live. When this unfavorable condition has been corrected, the nitrogen in the form of commercial fertilizer will be required. If a quick growing vegetable crop is being produced, nitrate of soda may be used to good advantage, as may also stable manure since it introduces beneficial bacteria; but sulphate of ammonia, and organic forms of nitrogen (such as cottonseed meal and castor pomace) should not be used; the former because it will aggravate the acid condition, and the latter because there is already enough organic nitrogen present. Phosphoric acid and potash may be used liberally if desired. For phosphoric acid, ground bone is an excellent material; while a ton or two of finely ground phosphate rock (floats) would also be helpful; not so much, however, for immediate results, as for future crops, since the acids in the muck will very gradually convert the insoluble phosphoric acid into the available form. For potash, any of the potash salts will suit. Kainit has been used on the muck soils of Illinois, with good results. Hardwood ashes are an excellent source of potash, if they can be produced on the place or bought at a reasonable price.

Elegant French Style Panel Back Rocker $3.65

A marvelously low price for a remarkably fine chair. Made of quartered oak, highly polished a beautiful golden color. Embossed cobbler seat. Handsome in appearance and very strongly built. Retails at the stores for $6.00, but on account of our great manufacturing facilities we sell it to you for $3.65. This shows you what you can save by buying direct from the factory that makes nothing but chairs. We make and sell chairs right here in the South to **you** at lowest **wholesale prices**, which means a saving to you of at least a third on every chair you buy. Think what this amounts to in furnishing your home! Can you afford not to send for our free illustrated catalogue to-day and take advantage of the big savings?

THE SUN "WANT" ADS. BRING RESUL

OOSEVELT FAMILY IS PREPARING TO VACATE

rs. Taft Busy Selecting Costume for Inaugural Ceremonies---Other Washington Notes.

ASHINGTON, D. C., Feb. 22.—The sident-elect and Mrs. Taft have ed in Washington and are staying the home of Miss Mabel Boardman, connection with the Red Cross ety, of which Mr. Taft is presi- makes her name known through- the country. The President-elect a welcome visitor at the White se and has spent a large part of time there since his arrival. He resented his report on conditions Panama to the President, who ap- rs to be highly gratified by it, and has had several conferences with ator Knox, who will be his Secre- of State. The question of Mr. 's eligibility for that position has n settled by Congress, both houses curring in the passage of the bill ealing the salary of the Secretary State and reducing it to the sum fixed before the salary increase was de. Mr. Taft has not doubted the llingness of Congress to make this cession, but he has feared that Mr. x might feel called upon to with- w to avoid unpleasant criticism. er the conference Tuesday, though, was stated positively that Mr. Knox ould accept the portfolio, and it is believed that the administration ld be embarrassed by any question be raised in the courts later as the Senator's eligibility.

Mr. Taft accompanied to the White se the engineers when they pre- ed their report on the Panama ca- . The canal report contains twenty written pages and indorses in ev- particular the lock type plan of nstruction and approves the prog- ss and management of the work ere. It was sent to Congress by sident Roosevelt Wednesday with special message concerning the ca- in which the President says that change now to the sea level plan uld be inexcusable folly.

These are busy days at the White se. The President's family, after seven-years' residence there, are col- ting their lares and penates pre- tory to their removal to the home Oyster Bay, and the confusion that vails in the upper and private ms of the house can only be imag- ed by those who find it cheaper to than to pay rent. All of the ishings of the executive man- n belong to the establishment, and separate these from the personal ngings, the gifts and acquisitions seven years' residence makes the more difficult and complicated. rations are under way also for reception of the incoming Presi- , and as the social season is at height and there are receptions dinners and dances to be given tended every day and every night. is probably not a busier or more acted family in the country than of the Roosevelts. As there is much to be done in getting for the long trip which the sident and Mrs. Roosevelt will take the inauguration every moment filled with work. The President his wife will sail for Naples on thirteenth of March ,and the pre- ion with which their plans are made evidenced by the fact that they will not return to the White House the inaugural ceremonies at the ital, but will leave immediately on a special train for Oyster Bay. It has long been the custom for the President and the President-elect to ride to the capitol on inaugural day and to return along the route of the parade with the new President occupying the right hand seat, with the retiring executive at his left, the reverse of the relative positions in which they made the trip to the capitol. Two innovations will be introduced this year, inasmuch as Mr. Taft will return to the White House alone, and instead of using a carriage will use new automobiles provided for the occasion.

Mr. Taft is busy writing his inaugural address, but a not less important matter in the Taft family is the selection of the gown that Mrs. Taft will wear at the inaugural ceremonies. It is to be made in New York, and Mrs. Taft went there last week for the absorbing work of having it fitted and to plan also her costume for the inaugural ball. Mrs. Taft is not unlike Mrs. Roosevelt in her lack of that subtle instinct called style, and both are rather condemned by the smart set for their want of chic and fashion. Mrs. Roosevelt has apparently never failed to select the most unbecoming clothes obtainable, and while she patronizes skillful dressmakers and tailors and buys always the most elegant stuffs, she seldom achieves consummate sartorial effects. Mrs. Taft, whose allowance for dress has always been limited, and who is consequently accused of believing that economy is the root of all virtue, leans to the selection of clothes that will wear well and bear being made over, and she wears them with indifference as to their effect. Both, however, never err on the side of the flashy or obtrusive, and if they fail to make the most of their charms they are always simply and appropriately gowned.

Preparations for the inauguration, now less than two weeks distant, are going on. Every precaution is being taken to prevent overcrowding of the capitol. No person will be admitted to the floor or to the inaugural arrangements except they be members of the Senate and elective officers; members of the House of Representatives and elective officers; ex-vice-presidents; justices of the supreme court and officers; the admiral of the navy and his aid; the chief of staff of the army and his aid. Cards of admission to the floor and tickets of admission to the extent of two each have been given to Senators for their friends. This is a smaller number than has been given out on previous occasions.

Pennsylvania avenue has begun to assume quite a baseball like appearance. Seats or bleachers have been erected at open spaces along the avenue, where thousands of people may secure seats at prices varying from fifty cents to two dollars. Much will depend on the weather, which, of course, is always a doubtful element on the fourth of March.

After a heavy meal, take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they will need. Regulets bring easy, regular passages of the bowels.

Facts For Sick Women

We know of no other medicine which has been so successful in relieving the suffering of women, or secured so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every woman you meet has either been benefited by it, or knows some one who has.

In the Pinkham Laboratory at Lynn, Mass., are files containing over one million one hundred thousand letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made exclusively from roots and herbs, and is perfectly harmless.

The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Thousands of unsolicited and genuine testimonials such as the following prove the efficiency of this simple remedy.

Minneapolis, Minn.:—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women, I felt sure it would help me, and I must say it did help me wonderfully. Within three months I was a perfectly well woman.

"I want this letter made public to show the benefits to be derived from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St. North, Minneapolis, Minn.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

RESOLUTIONS.

Into the presence of the Great I Am, entered the spirit of Mrs. Omera B. Thomas, January 10th, 1909.

Whereas, It has pleased our Heavenly Father to call home His child, we bow submission to His divine will, but in the removal of Mrs. Thomas from her earthly home, to her home "Over There," in "The Land That Is Fairer Than Day," her dear ones have lost a loving, devoted mother and friend; our church has lost, not only one of its charter members, but a true, earnest, faithful Christian—and our community a loyal, true friend.

Therefore be it Resolved, That we, the members of the Foreign Missionary Society, of Kavanaugh Methodist Church, South, of Gainesville, Florida, of which Mrs. Thomas was a faithful member, express to her bereaved ones our sincere sympathy, commending them to Him "who doeth all things well," knowing that she stands waiting for them, and the separation will not be long, for they shall all meet again, where sorrow and parting is unknown, and hear, with her, the blessed words of the Master, "Well done, good and faithful servant, enter thou into thy reward." The society has lost one of its oldest and most devoted members, but in our loss we rejoice that she has entered into her eternal reward, and we shall always hold her in loving remembrance.

Resolved, further, That a copy of these resolutions be sent the bereaved family, and a copy be sent The Sun, also The Florida Christian Advocate, for publication, and a copy be spread on the minutes of our society.

MRS. HUFFMAN,
MRS. PADGETT,
MRS. CARTER,
Committee.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. J. W. McCollum & Co.

In Probate Court, Alachua County, Florida.
In the Matter of the Estate of M. J. Holt.

To All Whom It May Concern: Take notice that the Administrator of the above estate has filed a petition that there is not sufficient personal property belonging to said estate coming into his hands to pay the debts, and asks for an order declaring the real estate assets, and that the house and lot in Wade, and the land at Lexington and any other realty belonging to decedent, be turned over to said Administrator for the purpose of providing for the debts.

Now therefore, all persons interested in the estate of M. J. Holt are required to appear before me at Gainesville, Florida, on the 24th day of March, A. D. 1909, to show cause, if any, why said petition should not be granted.

H. G. MASON, County Judge.

NEWS OF CITY AND COUNTY CONDENSED

MATTERS OF GENERAL INTEREST SECURED BY SUN REPORTERS.

What Has Happened and What Is Going to Happen—Personal and Social Items of the City.

From Tuesday's Daily Sun:

H. L. Futch of High Springs was a visitor to the city yesterday.

Mrs. F. B. Hester of Evinston was in the city Monday on a shoping expedition.

Robert Baker and Glen Moore of Hawthorn were among the visitors to the city yesterday.

Miss English of Tacoma was in the city yesterday en route to her school near High Springs.

Flask's Chill Tonic is guaranteed to cure chills, fever, colds and lagrippe. Price 25c. Sold by W. M. Johnson.

G. A. Beach of Floral City is among the visitors to the city, having come up to spend a few days with his family here.

Mrs. S. B. Phifer of High Springs is in the city and will spend some time here visiting her sister, Mrs. M. B. Saunders.

Mrs. A. H. Emerson of Tacoma and Mrs. S. D. Feaster of Micanopy were among the visitors to the city yesterday, guests of Mrs. H. H. McCreary.

A. G. Masters of Waldo, a former merchant of that place but now connected with the Seaboard carpenter crew, was a visitor to the city yesterday.

Clyde Richardson, one of the popular young men of High Springs, spent Sunday in Gainesville. There seems to be a special attraction here for Clyde.

W. C. McIntosh of Hawthorn was in the city yesterday. He states that there are more Northern people visiting that part of the county this season than in many years and that real estate has been more active there than for the same length of time.

Mrs. Hugh Powell of Oklahoma City, a former resident of High Springs, arrived in the city yesterday and will be the guest of Mrs. M. B. Saunders for the next few days. This is her first visit here since moving to the Western country and she naturally notices a good many changes.

From Wednesday's Daily Sun:

Miss Nellie Reaves of Micanopy is among the visitors to the city. While here she is the guest of Mrs. Davies.

W. J. Epperson of Bronson was in the city yesterday. He was en route to Tampa to take in the sights of the State Fair.

Dr. Thos. McLeod of Newberry, accompanied by his interesting little daughter, Miss Marguerite, were among the visitors to the city yesterday.

Mrs. A. G. Leverit of Micanopy was in the city yesterday. She was en route to Worthington Springs, where she will visit for the next several days.

The Baird Hardware Company have a change of advertisement in which they are advertising the Ingersoll dollar watch. Cases nickled or of gun metal.

P. B. H. Dudley and daughter of Newberry were among the visitors to the city yesterday. Mr. Dudley is one of the oldest settlers of that section of the county, and besides conducting a large farm operates a mercantile business at that point.

J. G. Dampier, county commissioner of Hague, was in the city yesterday. He reports everything very quiet in his section and says the people are all hard at work.

Cabbage crates; sawn slats; two-piece heads—manufacture our usual standard of excellence. Ask our local growers. Let us bock your order. Melton Lumber Co., Micanopy, Fla.

A. S. Albright and son left yesterday for Tampa, where they will be absent for the next few days. They were accompanied by Geo. Faulkenstein and wife of Virginia, who are spending the winter in Gainesville as their guests.

Albert Strickland was among the truckers to visit Jacksonville yesterday. He goes in the interest of lower freight rates and it is to be hoped that the representatives from this section will receive the recognition that they deserve.

H. L. Edwards of Sawdust, Gadsden county, was in the city yesterday and made a pleasant call at this office. He contemplates removing to Gainesville in the near future, and had his name enrolled as a subscriber to The Sun in order to keep posted.

J. P. Henry of Hawthorn was among the visitors to Gainesville yesterday. He took advantage of his presence in the city to renew his subscription to The Sun and vote for one of Gainesville's most charming young ladies in the piano contest, who formerly resided at Hawthorn.

From Thursday's Daily Sun:

A little want ad. will accomplish big results.

C. W. Wells of Alachua was in the city Wednesday.

J. T. Manning of Clarke was transacting business in the city yesterday.

Mrs. O. L. Feaster of Micanopy was among the shoppers visiting the city yesterday.

D. R. Howard, a farmer of the Island Grove section, was among the visitors to the city yesterday.

R. L. Tison, merchant and business man of the Trenton section, was among the visitors to the city yesterday.

John Rawls of Alachua was in the city Wednesday. He is a substantial planter of the thriving Alachua section.

Rev. T. H. Sistrunk and wife of Micanopy arrived in the city yesterday and will visit friends here for a short while.

J. M. Shaw, one of the successful planters of the Alachua section, was meeting his many friends in the city yesterday.

Born, to Mr. and Mrs. Harper of Kanapaha, a fine boy which arrived on Tuesday night. Both mother and child are reported as doing well.

J. P. Entenza, the cigra man of Waldo, was in the city yesterday interviewing the trade. He has a fine sale for his goods in this section.

Mr. and Mrs. S. H. Dempsey left yesterday for western points of the county. The former will proceed to Archer, while the latter will visit her daughters at Clarke.

W. F. Hodge of Alachua was among the visitors to the city yesterday. He is one of the large planters of that section and also conducts a meat market at that place.

I. S. Futch of Alachua paid the city a visit on Wednesday. He is connected with one of the leading business houses of Alachua and states that the place is always active.

Miss Marguerite Morrison of Inverness, who has been the charming guest of Mrs. J. H. Alderman for the past several days at her home on Alachua avenue, departed yesterday for her home, much to the regret of her numerous new acquaintances.

Dr. A. E. Cline, veterinary surgeon, has opened offices at Crawford & Davis' stables and solicits a share of the public business. He is a graduate of the Kansas Veterinary College and is here to practice his profession. Calls answered day or night. Horse dentistry, cattle and dogs all receive prompt attention.

Dr. Geo. S. Waldo will leave Sunday afternoon for Washington, D. C., to visit his mother, take in the inaugural ceremonies of President-elect Taft, and be present at a convention of dentists to be held there during the inaugural week. Dr. Waldo will be joined in Jacksonville by his brother, Dr. Wm. H. Waldo, who will accompany him, the two returning to their respective homes in about two weeks.

Tickling in the Throat

"Just a little tickling in the throat!" Is that what troubles you? But it hangs on! Can't get rid of it! Home remedies don't take hold. You need something stronger—a regular medicine, a doctor's medicine. Ayer's Cherry Pectoral contains healing, quieting, and soothing properties of the highest order. Ask your doctor about this. No alcohol in this cough medicine. *J. C. Ayer Co., Lowell, Mass.*

Constipation positively prevents good health. Then why allow it to continue? An active liver is a great preventive of disease. Ayer's Pills are liver pills. What does your doctor say?

MARRIAGE OF MISS CARTER.

Pretty Church Wedding at First Baptist Wednesday Morning.

One of the prettiest church weddings in this city for some time was that of Wednesday morning, when Miss Katie Mae Carter was united in the holy bonds to Mr. Luther M. Brinkley at 7:30 o'clock, the Rev. S. B. Rogers performing the service.

The church had been beautifully decorated by loving friends of the bride and presented a very handsome and pretty appearance, flowers and evergreens being used extensively in the arrangement.

Little Miss Belle and Hall McLeod acted as flower children, each carrying a basket of flowers, the little Miss having white, while the boy carried a black basket with pink carnations. The bride's sister, Miss Julia Carter, acted as maid, while the best man was her brother, M. M. Carter.

Miss Carter looked lovely in her traveling suit of blue, with hat to match, carrying bride's roses with lilies of the valley, and the groom looked his best in the usual costume of black.

Following the strains of Mendelssohn's Wedding March the happy pair marched up the aisle to the large arched center, where they were joined in wedlock by Rev. Rogers, the Gainesville Orchestra playing a flower song during the ceremony.

H. R. Wilburn and Earl Kelley acted as ushers.

After the ceremony the newly-wedded couple departed via the Seaboard for Tampa, where they will spend the remainder of the week, but will visit this city on their way to their future home in Louisiana, taking in the Mardi Gras festivities at New Orleans before proceeding to their home.

The bride had been a resident of Gainesville for only a few months, but had gained a host of friends, who wish her much joy and happiness through her wedded life. The groom is a prosperous business man of Louisiana.

LECTURE TONIGHT.

Mr. Job Will Entertain Public on Subject of Birds.

Everyone is cordially invited to hear the lecture on "Birds" at the High School auditorium tonight. The lecturer, the Rev. Herbert K. Job of New Haven, Conn., is one of the leading ornithologists in the United States As a lecturer he enjoys a great reputation. The lantern slides, with which the lecture is illustrated, are unusually fine.

Mr. Job is probably well-known to many of our readers as the author of "Wild Wings," "Among the Water-Fowl," "The Sport of Bird Study," and other books on bird life. He is in Florida under the auspices of the Florida Audubon Society, and wherever he has lectured has delighted his audience.

His lecture here will be under the joint management of the High School and the University. The hour was set early, 7:15, so as not to interfere with the attractions of the Chautauqua course.

Come and bring your friends, for a rich treat will be offered.

As advertising finds the best market for everything else, why not for your personal services?

EXPERIMENT STATION EXHIBIT.

One of the Most Interesting Features at State Fair.

TAMPA, Fla., Feb. 24.—The exhibit made by the Experiment Station of Gainesville at the State Fair is a most interesting feature and has proven a fountain of information for visitors that are interested in agriculture.

The different laboratories in the Experiment Station have contributed to the exhibit.

The laboratory for soil investigation has sent samples of different forms of lime, limestone and other materials used for correcting soil acidity.

An interesting experiment showing the capillary power of different soils in the State is included.

The laboratories of animal industry and a granary have sent different varieties of velvet beans and sweet potatoes, samples of Japanese cane and natal grass, along with numerous photographs.

The horticultural laboratory exhibits different varieties of pecans and sub-tropical fruits, such as mangoes, sapodillas, avocadoes and sugar apples.

The laboratory of plant physiology has sent an exhibit of citrus diseases, such as dieback, melanose, yellow spotting, Frenching, withering and copper poisoning.

The laboratory of entanology sends a collection of the insect pests of the State and some of their relatives. The white fly and its enemies, the fungi, are shown in detail.

The University is represented by exhibits from the engineering and agricultural college. A large box of tools made by the students of the sophomore class in engineering is attracting much favorable comment. A large bunch of sweet potatoes raised on the agricultural college farm is the best to be seen at the fair.

The department of extension exhibits some details concerning its correspondence course in agriculture for teachers.

Mr. B. F. Floyd of the laboratory of plant physiology of the Experiment Station is in charge of the exhibit.

LETTER TO B. EDELSTEIN,

Gainesville, Florida.

Dear Sir: We reiterate:

Every job painted Devoe takes less gallons than of any other paint.

Here's the proof:

Paint half your job Devoe; paint the other half whatever you like. If Devoe doesn't take less gallons and cost less money, no pay.

Yours truly,

72 F. W. DEVOE & CO.

P. S. Gainesville Hardware Company sell our paint.

Notice of Intention to Apply for Special Legislation.

Notice is hereby given that, at the regular session of the Legislature of the State of Florida, convening at Tallahassee in April, A. D. 1909, application will be made for special legislation for the Town of Newberry, Alachua county, Florida, giving it a special charter, providing for it's government and prescribing it's jurisdiction and powers thereunder.

It will pay you to see this line before purchasing. We have the largest stock of Trimmed Hats ever shown in the city before.

DEATH OF MRS. DRYDEN.

Occurred at the Hospital Wednesday Morning of Consumption.

The death of Mrs. T. W. Dryden occurred at the hospital Wednesday morning at 6 o'clock.

She was brought here by her husband and other relatives about four months since in the hope that the change would prove both beneficial and healing to her weakened condition, but the dread disease had gained such headway that it finally claimed the young victim as its own.

All that loved ones and experienced nursing could do for her in her days of suffering was done by willing hands, her husband being with her at the time of her demise.

She was a young woman scarcely in her thirty-first year, and during her stay here had made many acquaintances who visited the hospital to cheer and comfort her.

The remains were embalmed by the Thomas Undertaking Company and shipped to their old home in Louisville, Ky., where the funeral will be held.

If it's printed stationery you want, The Sun office is the place to get it.
